15TH YEAR. NO. 301.

EAST LIVERPOOL, O., MONDAY, JUNE 4, 1900.

TWO CENTS

FULMER DECLINES CALL TO THIS CITY

Notified the Congregation of the First Presbyterian Church Yesterday That He Could

NOT ACCEPT THE HONOR

Which They Had Conferred Upon Him by Calling Him to be Their Pastor.

CANDIDATES WILL BE HEARD.

Dr. L. S. Fulmer, of Baltimore, has declined the call to the pastorate of the First Presbyterian church, of this city, and the congregation will begin where it left off and a number of candidates will be heard before another vote is taken.

The following letter from Dr. Fulmer, which was read to the congregation yesterday, explains itself:

1223 W. Lafayette ave.,
Baltimore, June 1, 1900.

"According to promise I have endeavored to arrive at a decision this week. I have given the 'call' in which your church so highly honored me, the most earnest and prayerful consideration. I have studied your field and its requirements, and then I have studied my own adaptability to them, and with all the light that I have received I am forced to this conclusion—I must decline the 'call.' There are many things in your church that attract me—the work itself, the attraction of numbers, the kindness and cordiality of the people, but with all this, duty is clear to me to remain in Baltimore. This to me is the will of God and I must abide by His will. I shall follow the future of your church with the keenest interest. My brief acquaintance with you all has been such that it cannot be forgotten. Commending your noble church and its interests to the Great Head of the church, Christ Himself, I am sure that all things will work together for good, and that in God's own time and way a man will be sent to you who will break unto you the bread of life and go in and out among you as an apostle of light and joy and peace.

Sincerely yours,
"L. S. FULMER."

Rev. Reinartz Will Speak.

Greensburg, June 4.—The Pittsburg synod of the general council of the Lutheran church will meet in St. James' Lutheran church at Ligonier Wednesday, June 13, and continue in session a week. The Pittsburg synod is one of the large branches of the Lutheran church and numbers 140 ministers and the same number of lay delegates. Saturday, June 16, Rev. J. G. Reinartz, of East Liverpool, O., will deliver an address on ministerial relief. The synod will close the following Monday.

Lisbon, June 4.—(Special.)—The hearings in the injunction cases vs the East Liverpool railway company, which were to have been heard this forenoon, have been postponed on account of Judge Moore, one of the attorneys in the case, being unable to be present on account of the death of his mother-in-law.

Old Resident Dead.

Mary Forbes, an old resident of this city, died Saturday night at the home of her son-in-law, ex-Judge J. G. Moore. Deceased was 77 years old and had been ill for some time.

BAKERS ORGANIZE

A BRANCH OF THE B. & C. INTERNATIONAL UNION

Formed in This City Saturday Evening. When Officers Were Elected and Charter Applied For.

The journeymen bakers of this city at a meeting held Saturday evening decided to form a branch of the Bakers and Confectioners International Union in this place. Ten or twelve of the bakers were present and all signed the application for a charter. Several unsuccessful efforts have been made to organize this trade at different times during the past four years, and the fact that it is now assured is gratifying to the trades unionists in the city. The officers elected were: President, Mike Peterson; financial secretary, James Skinner. The charter will arrive about Wednesday of this week at which time Organizer Powell will obligate the members and the balance of the officers together with the delegates to Trades council will be elected.

HILL-CROSS NUPTIALS.

Miss Rose Todd, of this city, will be present and act as maid of honor. Prof. Laughlin, of East Liverpool, and Clyde Aley, of New Castle, are to be the ushers. Quite a number of East Liverpool people have received invitations and will attend the wedding.

Miss Hill was quite recently in the office of the Knowles pottery and was very popular in social circles. She is a sister of W. A. Hill.

Mr. Cross is a young physician having an enviable practice at North Jackson, where they will make their home.

From Columbiana County.

James Brittain, who was killed in a railway accident at New Castle Junction on Friday night, was 18 years of age and had been employed on the Pittsburg & Lake Erie railroad for about two weeks. The remains were taken to his home at Negley, Ohio, where funeral services were held yesterday. The deceased was a son of William Brittain, of Negley, and a nephew of Alex. Brittain, of Beaver Falls.

The Laughlin No. 2 team defeated the Dresden Pottery club last Saturday, and by so doing left the K. T. & K. team in undisputed possession of first place.

Laughlins were shy Lynch, their regular pitcher, but R. Wheatley was placed in the box and did very well. The game opened with Laughlins at bat and before they had been retired they had scored three runs on one hit, errors by Webb, Clarke and Gill, a hit by pitched ball and a base on balls. Dresdens got a shut out in their half and Laughlins shared the same fate in the second, and the Dresdens were also whitewashed.

The run getting began again in the third, when Laughlins made two on a single by Baxter, a double by D. Wheatley and an error by McGuire. Dresdens made two in their half on a base on balls, a single by Webb and an error by Allison. In the fourth Laughlins made another one on a base on balls, an error by Webb and a hit by Speight. Dresdens also made one on an error by Allison and a double by Barker.

In the fifth Laughlins made one on an error by Webb and an error by Clarke. Dresdens made three in their half on a double by Webb, a single by Clarke, an error in judgment by Allison and an error by Wooliscraft.

Both teams got a goose egg in the sixth, but in the seventh Laughlins made four on singles by Wooliscraft, Little, R. Wheatley, errors by Gill and Ford. Dresdens made two on errors by Speight and Allison.

Laughlins received goose eggs in the eighth and ninth, but the Dresdens made one in the eighth on a fielders' choice and an error by Smurthwaite. The score:

Notes.

Laughlins had nine men left on bases and the Dresdens 10.

Barker pitched a good game, but his support was ragged at times when it meant runs.

Baxter caught a good game and it was a wise change putting him behind the bat and playing Wooliscraft at first.

Laughlins outfield is just about the fastest in the league. Barker's and Webber's hits both went over the fence, but Little fielded the ball so fast that the best they could get was two bases.

The Dresdens hit hard, but couldn't make runs.

A rumor is floating that the K. T. & K. team will drop out of the league, and it is said that they have so announced their intention and won't play any more games. It is thought the trouble will be patched up and they will finish the season.

Rev. Mansell's Address.

At a meeting of the Salem Union Missionary society Rev. Walter Mansell, formerly of this city, spoke on the subject, "Responsibility of a Christian Toward Mission Work." He thought that centralization of the work would be a good thing. Rev. Mansell said that a convert can be secured in the city for \$1, while in the small country towns the same costs \$10. The evangelization of the city rests upon the Christian people. The Christians should go out and bring people to the church. Too many Christians live aloof from the people. We ought to have more personal work. The speaker was in favor of stopping Sunday ball games, Sunday excursions, Sunday street loitering and Sunday liquor selling.

An M. E. Conference.

The 53d annual conference of the Canton district of the Methodist church will be held in Leetonia Monday and Tuesday, June 4 and 5. Monday evening Rev. T. W. Lane will give an address on "The Personnel of the General Conference," followed by an address by Dr. A. B. Riker, president of Mt. Union college. Tuesday evening after the song service Rev. Joseph Gledhill will read a paper on "Clouds and Sunshine," followed by a sermon by Dr. C. E. Manchester.

Postoffice Report.

The postmaster's report for the month of May has been completed and shows the following receipts: Stamped envelopes, \$640.44; stamps of all kinds, \$1,453.84; postal cards, \$135.30; making a total of \$2,229.58 for the month.

In the money order department cash received for domestic orders was \$7,307.35; for international orders, \$730.48; total, \$8,037.83; domestic money orders paid \$5,049.95.

CROSBY BROKE CANNON'S JAW

He Was Sitting on the Ground Playing With Crosby's Child When

HE ASSAULTED HIM, BREAKING

His Jaw In Two Places, and Also Dislocating It.

ASSAILANT NOW UNDER ARREST.

Too much booze was the cause of an assault Saturday night which resulted in one man being badly used up and having his jaw broken in two places and dislocated.

Some time during the evening Jim Rusby, Jack Cannon, Jim Morrow and Moxey Flick purchased some beer, and taking it with them, went down the railroad track toward Jethro, where they intended to procure a skiff and cross the river. They discovered, however, that they could not get a skiff in that part of the city and one of the men remarked that he had a friend living down there and they would take the beer over to his shanty. The friend was William Crosby and he lives in a small house down in the bottom near the Golding flint mill. Crosby was willing when the men arrived and he joined in with them to have a good time. Cannon was on the grass playing with the 7 or 8-year-old child of Crosby and Crosby was cooking supper when, without a word of warning, Crosby walked over to where Cannon was lying on the ground and began kicking him. Before he could be stopped he had broken Cannon's jaw in two places and dislocated it, in addition to pretty badly bruising him up. The injured man was taken to the office of Dr. W. J. Taylor, where his injuries were attended to, and he was then hauled home in the patrol.

Crosby was arrested by Officer Aufderheide, and he at once inquired how bad he had hurt Cannon. He is still in jail, as Cannon will not be able to talk for several days.

It is stated that this is the second fight Crosby has been in in the last week, as he gave Pegleg Strain a severe beating a short time ago.

A Small Fire.

A small fire in the house of John Vaughn, in Church alley, called out the fire department at about 9:30 this morning. The fire was caused by a hose attached to a gas pipe bursting, the gas being lighted at the time. A hole was burned in the linoleum on the floor and the paper on the wall was scorched, but no further damage resulted.

Granted a Divorce.

Lisbon, June 4.—(Special.)—Beer-sheba A. Tenan, of Wells-ville, proved to the satisfaction of Judge Hole this morning that her husband, Jesse S. Tenan, deserted her more than three years ago and she was granted a divorce.

GRANDVIEW.

The finest residence addition ever made to East Liverpool is situated on the east side of the Calcutta Road just north of the McKinnon Homestead and within 10 minutes walk of the Diamond.

City Water Mains are laid throughout this addition.

Gas will be piped to this addition in a few weeks.

Street Car Line is being constructed and will run through **Grandview**.

Paved Street and Sidewalks and Electric Light extends from the city to within one block of **Grandview**.

From the numerous inquiries as to when these lots would be placed in the market there is no doubt but that the limited number of lots in the plat now offered the public will be sold in a short time. There are good, solid and substantial reasons for this demand for lots in Grandview--beautiful for situation--magnificent views of the Ohio Valley--above the smoke and fog--within easy reach of the city. Do you want to own your own home? Do you want to quit paying rent? Then Grandview is the place for you to save your rent money and let it buy you a home. See how easy we make it for you.

RUN DOWN BY A FREIGHT TRAIN

Harry Weaver of Klondyke Has
His Left Foot and
Ankle Mashed.

AMPUTATION WAS NECESSARY

Struck by the Cars Near the Spring
at Thompson's Pottery
Last Evening.

HE SHOWED WONDERFUL NERVE

Harry Weaver, a young man of about 21, a son of Mrs. Adelphi Weaver, of Klondyke, met with a very serious accident last night about 9:30. He had gone with a crowd of about a dozen boys to Thompson's spring, just above the Thompson pottery, and was with the crowd on their way back. The boys stopped near the bridge, where Harry left them, saying that he was going to see some one up town, then catch a car and go home. A freight train passed down about this time, and his companions heard him cry out in pain soon after he had started away. Hugh Carr, who was not far away, reached him first and found him lying near the track. Of the crowd he had been with Vallie Waggle, John Swindell, John Wines and Thomas Humphrey soon came up and found that his left foot and ankle had been run over and badly crushed.

The patrol wagon was sent for and took him to the office of Dr. Hobbs. There was no question but that am-

putation was necessary, and Drs. W. N. Bailey, James Taylor, L. O. Williams and Hobbs performed the operation, taking the limb off just below the knee.

After the wound was dressed he was taken to the home of his brother, Vaughn Weaver, who lives on Short street, Wucherer's addition.

The injured boy exhibited considerable nerve before and during the operation. When one of the surgeons spoke of beginning the amputation he said: "Wait a minute; can nothing be done to save it?" When told that this was impossible, as the leg was off and the stump had to be dressed, he said: "Well, then go ahead; I am ready."

He was an employee of Laughlin pottery No. 1 and had worked on Memorial day and show day and had planned to go fishing with his brother today.

AT FIRST M. E. CHURCH.

Probationers' Day and Communion
Services Were Observed
Yesterday.

The services at the First M. E. church on Sunday morning were of unusual interest. Over 80 probationers were received into full membership and took upon themselves the solemn vows and obligations of the church. Old age, middle age, youth and childhood were represented in the gathering. The pastor addressed the new members in brief but earnest terms, pleading that they should stand by the Master from the commencement all the way through, giving their time and talent to the building up of the cause of God and of righteousness.

Communion services were also held and it seemed as if almost every man and woman in the large congregation participated therein.

Dr. Crawford hit the rum traffic hard blows in the evening service, relating incidents whereby the demon

of alcohol had ruined the bodies and souls of men of his acquaintance, men who were willing to try to quit drinking by and through the strength of human will power, but who refused to call upon God for His all powerful aid.

Doubtful About It.

Lisbon Patriot.

J. F. Henry, of Elkrum township, has leased his premises for gold, silver and lead mining purposes. He left a specimen of the bar at our office. We are not judge enough of ores to say whether it is valuable or not, but we have our serious doubts about its value.

No Will.

Lisbon, June 4.—(Special.)—No will was found in the estate of the late James Whitacre, of Fairfield township, and the probate court today gave to Alice Whitacre letters of administration with \$200 bond. John Lodge, George Walters and Richard Farmer will appraise the estate.

SUBURBAN NEWS

EAST END.

Given a Tip.

It is a well known fact that there are few arrests in the East End. This is not because of any fault of Officers Hamilton and Torrence, but because the residents of the suburb are peaceably inclined. Whenever an arrest is made the culprit is usually an outsider. Mr. Hamilton thought he would have an opportunity to show his hand Friday evening when four colored people began to disturb the quiet of Mulberry street, but while he went to tell Torrence of the proposed catch some one gave the people a tip and they made their way to the state line.

Difficulty Unsettled.

The difficulty of the biscuit kiln hands at Laughlin No. 2 does not seem to be any nearer a finish than before. It is believed that their employers would be willing to allow them the 18½ days they ask instead of 17½ if it were not for the agreement with the other employers.

Communion Services.

The services at the Second M. E. church next Sunday morning will be devoted entirely to baptism of candidates, receptions of members and communion services. Children's day exercises will be held in the evening.

A Girl Born.

Mr. and Mrs. James Brown, of Dry Run, became the parents of a girl yesterday morning. The young lady arrived just a few days too late to be taken into account by the census enumerator on his trip this year.

SPORTING NOTES.

Eclipse Club Claim the Umpire Gave Them the Worst End of It at Wellsville.

The Eclipse base ball team played in Wellsville last Saturday and with the score 6 to 4 against them in the ninth inning they left the field, claiming they could not stand the umpiring of "Chump" Grafton. The final kick was because he called Heckathorne out for cutting first base when the Eclipse boys assert that he stepped right on the base and did not cut an inch. He also refused to allow Heckathorne to take first when hit by a pitched ball when the bases were full and meant a run.

Frank Knowles, who stopped a ball with his face in the game between the packers and decorators of the K. T. & K. pottery, is again able to be out and his face is now presentable.

Henry Chadwick, the veteran base ball authority, says Washington once valued Mercer at \$8,000, and while he is not worth that much now, he is still a valuable man.

Mercer has had 6 stolen bases in 23 games.

Married in Allegheny.

A Pittsburg paper says: Miss Anna Robinson, of 742 Ross avenue, Wilkinsburg, and Emory L. Dearth, of East Liverpool, O., were quietly married Thursday evening of last week at the parsonage of Rev. J. S. Smith, Auburn street, East End. They have taken up their residence at the home of the bride's parents.

SOUTH SIDE.

Those Summer Cars.

The four summer cars which have been ordered for use on the South-side electric line this summer are expected to arrive about June 20. The big business which the line has done since the opening of Rock Springs has caused an order to "rush" to be sent to the company from which they were ordered.

SABBATH OBSERVANCE.

MINISTERIAL ASSOCIATION OF THE TWO CITIES.

Backed by the Good Citizens League and Conservative Citizens to Enforce State Law.

We have been given to understand through what should be reliable authority that the Ministerial association of East Liverpool and Wellsville, in connection with the Good Citizens' league, will insist upon the legal observance of the Sabbath in these towns. We are informed that they have taken measures looking to that end and will do their utmost, assisted by conservative citizens, in enforcing the following state law:

Section 7033 (common labor on Sunday.) Whoever, being over fourteen years of age, engages in common labor on the first day of the week, commonly called Sunday; and whoever being over 14 years of age, shall open or cause to be opened, any building or place for the transaction of business on the first day of the week, commonly called Sunday, or who shall require any person in his employ or under his control to engage in common labor on Sunday, shall, on complaint made within ten days thereafter, and upon conviction, be fined, for the first offense, \$25, and for each subsequent offense such person shall be fined not less than \$50, nor more than \$100, and imprisoned not less than five days nor more than thirty days. But this section does not apply to or embrace works of necessity or of charity, and does not extend to persons who conscientiously observe the seventh day of the week as the Sabbath, and who do in fact abstain, on that day, from the doing of the things herein prohibited on Sunday; nor shall it be so construed as to prevent families emigrating from traveling, or watermen from landing their passengers, or keepers of toll bridges, toll gates or ferries from attending the same on Sunday.

OHIO SUNDAY SCHOOLS.

The State Association Will Hold Its Convention in Akron Tomorrow.

Akron, O., June 4.—The local Sunday schools have been busy for weeks past with preparations to entertain the State Sunday School association, which meets here tomorrow, Wednesday and Thursday. The arrangements are now complete and the city of Akron expects to entertain 1,500 Sunday school workers during the three days. Each county association is entitled to 10 delegates, who will be cared for while in attendance, and every county in the state is thoroughly organized.

This convention is the 41st in the history of the Ohio State Sunday School association, and every effort has been exerted by the officers of the local association to make it the best.

An Old Timer.

Lisbon Patriot.

We were pleased on Thursday to be introduced to H. T. Fisher, of Arizona. He is a brother of B. D. Fisher, of Calcutta, and was born and raised in this county, but he had not seen Lisbon for 46 years. He has been in the far west all these years, and is today a successful gold miner and prospector in the territory of Arizona. He speaks in glowing terms of the climate of his western home, and indeed his appearance indicates that he is dwelling in a healthy climate.

Dislocated His Arm.

Thomas Couchman, of Union street, dislocated his arm at the shoulder Saturday morning. He was engaged in a friendly bout with a fellow workman at Thompson's pottery. He thought the injury was only a severe sprain until yesterday morning when he went to a doctor and found that it had been dislocated.

tives of this district in "Ohio in Con-
gress," to be begun in Thursday's
News Review.

DON'T MISS IT.

You cannot afford to overlook the
beginning of the great historical se-
rial, "Ohio in Congress," which will
be begun in the News Review Thurs-
day. It contains a complete record of
the prominent men of the Buckeye
state, biographies and sketches of men
whose lives shaped the destiny of the
state. It is not a compilation of dry
statistics, there's nothing of the Con-
gressional Record about it, but it is a
living story of the state, as fascinat-

ing as a novel and as instructive as
a school book. Don't fail to read the
opening chapters, which will appear
exclusively in the News Review
Thursday and will be published in
two weekly installments until the
story is told. It will be difficult, if
not impossible, to secure back num-
bers, as the demand is sure to equal
the supply daily. Begin at the begin-
ning and you will feel amply repaid
when you reach the finish.

INSTANTLY KILLED.

SAMUEL HEATON, OF EAST PAL-
ESTINE, STRUCK BY CARS.

Stepped Out of the Way of a Freight
Into the Path of an East Bound
Fast Mail.

Lisbon, June 4.—(Special.)—Yester-
day afternoon Samuel Heaton, of East
Palestine, was instantly killed on the
Ft. Wayne road a short distance west
of East Palestine. He and two com-
panions were walking on the track,
and in stepping out of the road of a
west bound freight, Heaton stepped in
front of a fast mail going east.

DENTISTRY.

Have You Visited the Twentieth Cen-
tury Dental Parlors in
Our City.

If not, then you should do so at the
first good opportunity. Especially
should you do so if you are needing
anything in the line of modern den-
tistry.

Drs. Cooke and Pfouts have estab-
lished dental parlors in the Old Grand
Hotel building, second floor, and are
arranging affairs in first-class shape,
in order that they may cater success-
fully and acceptably to the public at
large. They are fully prepared to at-
tend to your wants in the line of
dentistry, and will take pleasure in
so doing. Local and general anaes-
thetics are made use of, in accord
with the very latest features of the
profession. Plate and bridge work
will receive careful and skillful atten-
tion. Gold, platinum, silver and combi-
nation fillings, as patrons may de-
sire.

Drs. Cook and Pfouts have a num-
ber of warm personal friends in East
Liverpool, and these friends speak in
warm terms of praise of the new-
comers in our midst.

The proprietors of The Twentieth
Century Parlors announce that they
have come to East Liverpool to es-
tablish themselves permanently at this
point. They do not contemplate or
expect to do all the dental work of
this thriving and prosperous city, but
simply expect a fair share of the
same, confident that they can guaran-
tee satisfaction in every particular.
They extend to you a cordial invita-
tion to visit their dental parlors at
your convenience.

TURNED WATER ON THE SECTION GANG

H. A. McNicol Thought They Were
Tearing Up West Market Street
For Street Railway Company.

COT HIS HOSE OUT, AND

In a Remarkably Short Time the
Workmen Quit Taking
Up the Bricks.

IT WAS THE SEWER GANG.

H. A. McNicol this morning turned
the hose on a gang of workmen who
were tearing up West Market street
this side of the Horn switch, in front
of the Dresden decorating shop.

Early this morning a gang of street
railway men began tearing up the
street under the direction of Engineer
George, as per the agreement with
the city for the purpose of putting in
the sewer to drain the Diamond. Mr.
McNicol was notified at once and,
thinking the men were tearing up the
street for the purpose of putting down
the street railway track, he secured
the services of some of his employes,
and running the hose out of a second-
story window, on the bridge which
spans West Market street, turned the
water on the workmen. There was a
general scatterment, but one man
braved the water, and picking up half
a brick shied it at the people who
had charge of the hose, but he soon be-
came disheartened and gave it up. The
workmen returned to the power house,
but a force of men are now at work
digging a ditch where the street has
already been torn up. It is expected
the city will have no trouble in put-
ting in the sewer and will take meas-
ures to see that the street can be
torn up if they see fit.

He Obeyed the Judge.

Over a score of years ago Judge Fitz-
gerald was appointed to the bench of
the district that includes Pima and
Cochise counties, in Arizona. He found
on coming to Tucson that formality
was almost unknown in the courtroom.
If the days were warm, the attorneys
and attendants dispensed with coats.
This to him appeared particularly dis-
respectful. He announced that smok-
ing in the courtroom would not be tol-
erated and that coats must be worn
under pain of the court's displeasure.
The grand jury was called. Among
the jurors summoned was a brawny
miner, who appeared in his usual cos-
tume, a dark blue shirt and overalls.

"What do you mean," thundered the
magistrate, "by appearing in this court-
room in your shirt sleeves? Where is
your coat?"

"At home, judge," mildly returned
the juror.

"Then go and get it! No, not a word,
sir!" glaring down upon the man as
he attempted to speak. "Go home and
get your coat, sir, or I'll commit you
for contempt!"

The miner went silently out. He
didn't return that day nor the next,
and the judge, after issuing a bench
warrant for him, swore in another
juror. About two weeks thereafter the
original miner, dressed as the court de-
manded, again stepped within Judge
Fitzgerald's range of vision. To the
irate magistrate he tendered the ex-
planation that his home and coat were
both in Harshaw mountains, near the
Mexican border, over 100 miles away,
and that he had but obeyed the orders
of his honor in going home after his
coat.—Arizona Graphic.

Answered.

Henry Fielding was once asked by
Lord Denbigh why he wrote his name
"Fielding" instead of "Fellding," as
his lordship's family used.

"I cannot tell, my lord," replied the
novelist, "except it be that my branch
of the family were the first that knew
how to spell."—San Francisco Argo-

HONEST AND FAIR SHOE SELLING.

has been our business for a great many years. Every suc-
ceeding year we make stronger efforts to gain trade by
offering the best possible shoe-values for the least money.
The selling of nothing but the Best helped us to increase
our business each and every year. Shoddy and poor
shoes are barred from our store. What better testimony
could we offer than those of hundreds of customers who
have been buying their shoes here ever since this store has
been in existence?

Give us a chance to show you the superior qualities of
our shoes at prices no higher than you pay for poor shoes
elsewhere.

Women's Hand-Turned Shoes at \$2.50 a Pr

the large cities at \$6.00 a pair. We have 'em, but sell

points.

Sustaining His Theory.

No man is a real man of science un-
less he is ready to abandon his own
conclusions, duly put on record, if sub-
sequent investigations prove them
fallacious. The president of a great
college once wrote a volume on the
practice of medicine. After it had been
completed and he had gone to New
York to arrange for its publication
his house was burned, and the manu-
script of his book and all his notes
were destroyed.

He couldn't reproduce it. Ten years
afterward he said: "That fire was the
greatest of good fortune to me. If I
had published the book, I should have
had to stand by it, whereas now I
know that it was all wrong!"

Mr. Andrew Lang in Longman's Mag-
azine tells of two geologists who were
gathering specimens in a lonely moun-
tain place. One of them had written a
book. The other, looking about one
day with a fieldglass, saw his friend
occupied a long time—unobserved, as
he thought—in rolling a great stone
down hill and at dinner questioned him
about it.

He pretended at first that he had
been doing it for exercise, but, hard
pressed, confessed:

"Well, the fact is the confounded
thing was 200 feet too high to suit my
theory!"

About 24 women in 100 are stronger
in the left arm than they are in the
right. Women, too, are more frequent-
ly equally strong in both arms than
are men.

Is It Worth Anything TO YOU?

Square, honest dealing;
prompt service, strict at-
tention to your wants, and
an earnest desire to satisfy
you. No matter at what
cost. Adding this to our
very large stock and very
low prices, it will surely
pay you to visit our store
the next time you want a
pair of shoes.

Our object is your satis-
faction.

CHARGES FILED WITH HIS HONOR

Mayor Davidson Listened to the
Details of Some Family
Scraps But Only

ONE ACTION WAS ENTERED

And When It Comes to Trial It
Promises to Develop Some-
thing Interesting.

SEEVER HIT WITH A CUP.

Mayor Davidson has had plenty of
business to look after lately and Sat-
urday and Sunday he heard the troubles
of some few people.

Mary Owen entered a charge of
assault and battery against Mrs.
Thomas Wilson. The case will un-
doubtedly come to trial and when it
does some interesting developments
are expected and counter charges are
expected to be filed. It is understood
that the quarrel arose over come chil-
dren and Mrs. Wilson claims that she
was assaulted by Mary Owen.

Ed. P. Jones was arrested last even-
ing in the Diamond by Officer Morris
on a charge of intoxication. He was
placed in a cell in the city jail, where
he gave the officers at city hall a
very good exhibition of clog dancing.
This morning he paid the mayor \$5.60
and was released.

A man named Seever called on his
honor last night and wanted his wife
arrested on a charge of as-
sault with intent to kill, on
any old charge that suited, just
so she was arrested. He said she had
hit him with a cup and he strictly
objected. After talking the matter
over for some time he decided to en-
ter no charge and left with the state-
ment that he would be back this morn-
ing. He has not returned and is not
expected.

Last night Henry Palmer called at
the mayor's office. He was very much
excited and attempted to tell a watch
story. Everybody listened and finally
it was discovered that Henry had a
watch which he tried to sell to Mike
Mooney. Mooney did not buy it, but
borrowed it for a time and traded
it to an Italian for another watch and
10 cents to boot. Gill and Dawson
were enlisted in the matter and went
with Palmer to the scene. Who is
now watching the watch is not known,
but Gill has it and will keep it until
the tangle is straightened out.

Walter Hiland, who has been in jail
for several days, did not succeed in
getting enough money to secure his
release and this morning Officer Daw-
son took him to the Stark county
workhouse, where he will work out
what he owes the city.

James McCormick, the man who
threw the brick at the mail box, is still
in jail, but word has been received
that a secret service man will be
here soon and take him away to an-
swer in United States court for his
crime.

Mayor Davidson is rich today. Mc-
Nab called at his office and put up \$100
for a pawn broker's license.

MADE TWO RAIDS IN ONE NIGHT

The Police Force Were Busy Last
Night and Pulled a Poker
Joint and a Saloon.

A TOTAL OF 10 PEOPLE

Were Taken to City Hall and All
Put Up Security For Their Ap-
pearance Before His Honor.

THEY DIDN'T REGISTER RIGHT.

Chief Thompson and Officers Daw-
son and Gill were on the warpath last
night and raided two places in the
city before midnight.

The first place raided was that of
Wilber Bunks, who runs a poker joint
near the Horn switch. In his place
of business were found four men be-
side himself and when they arrived at
city hall they gave the names of
Jerry Cowles, Bert McCormick, Harry
Bunch and Lou Strapit. They put up
security for their appearance and were
released. The names the parties gave
are fictitious, as well as that of the
proprietor of the place.

The next place to fall under the
eagle eye of the officers was that of
John Michaels, who has recently pur-
chased a saloon on West Market
street. When the officers arrived at
this place they found the proprietor
and four people in a back room en-
joying themselves in a manner not
proper for the Sabbath day, or in fact
any other day in the week. The par-
ties were dismayed when the officers
walked in, but saw no chance to get
out of it and the bunch were taken
to city hall, where they put up secu-
rity for their appearance. They gave
the names of John Michaels, George
Backout, Mrs. Jess Delaney, Frank
McCune and Peter Yonz. It is thought
some of these names are also ficti-
tious.

A Newspaper Wonder.

When you open up your newspaper,
it may cause you to feel some wonder
if you know that in all probability
yours are the first hands that have
ever touched its inside pages. The
reason for this is that the paper is
made from wood pulp. The woodman
cuts down a spruce tree. It is hauled
to the mill. There machinery strips off
the bark, reduces the wood to pulp and
makes it into paper.

At every turn cranes, derricks,
chains, cogs, rollers, steel teeth and
other mechanical contrivances keep the
material out of human hands. The
immense rolls are wound by machines,
loaded into car and wagon by ma-
chinery, put into pressroom and on
presses by other machinery and finally
printed and folded without having been
directly touched by any human hand.

This is a mechanical marvel of to-
day which is no doubt duplicated in
other branches of industry. It is very
striking in the newspaper industry,
which stands in the very front rank of
mechanical perfection.—St. Louis Post-
Dispatch.

The Columbiana County Telephone Company

Especially requests that its subscrib-
ers in calling for parties out of their
respective towns, give the central op-
erator not only the name of the place,
but the name or number of the party.
Do not ask your operator to give
you the place and then ask the opera-
tor there to get you your party. That
is confusing your central operator.

A WORKING CONGRESS

Busiest, So Officials Say, In Many Years.

FINANCIAL LAW ACCOMPLISHED.

Measure to Aid Porto Ricans Passed—A Form of Government and Means of Raising Revenue For Island Adopted. Nothing For Filipinos Accomplished.

WASHINGTON, June 4.—The record of the first session of the Fifty-sixth congress is now practically closed, and it is possible to survey the important work it has accomplished during the last six months. It has been a busy congress, busiest, according to veteran officials, in many years. In some respects the work has been less exciting than that of the preceding congress, which covered the dramatic period when war was declared against Spain, and also the period of reconstruction and treaty making with Spain following the successful close of the war. In work actually accomplished and started toward accomplishment, the record of the present session stands well in comparison with the most energetic congresses.

Our new territorial possessions have received much attention and while there has been no definite action as to as to the Philippines or Cuba, a form of government, and a means of raising revenue has been provided for Porto Rico, and a comprehensive territorial form of government has been given to Hawaii. The financial act has made important changes in the laws relating to the parity of metals, the bonded indebtedness, national banks and the security of the treasury by a gold reserve. The Nicaraguan canal bill has passed the house and is on the calendar of the senate ready for attention when congress reconvenes. The anti-trust bill is similarly advanced. The trust constitutional amendment has a defeat recorded against it.

The Pacific cable measure has passed the senate and is awaiting final action in the house. The exclusion of Brigham H. Robert, from a seat in the house because of his polygamous status, the refusal of the senate to admit Mr. Quay on appointment of the governor of Pennsylvania, and the sensational charge, investigation and developments in the senate in the case of Mr. Clark, of Montana, have added some exciting personal phases to the session. Investigations have been profic, including the inquiry into the Couer d'Alene mining riots in Idaho, the various inquiries on polygamy growing out of the Roberts case, and more recently the senate investigation of the postal and other irregularities in Cuba.

The total of appropriations cannot yet be stated with exactness, as five bills are pending, but it is approximately \$700,000,000 for the session.

The senate, in executive session, has been occupied to a considerable extent with important treaties. Of these the treaties with Great Britain and Germany closing the tripartite government in Samoa and awarding to the United States the island of Tutuila, with its valuable harbor of Pago Pago, has been ratified, while the commercial reciprocity treaties with France and the British West Indian islands, and the Hay-Pauncefote treaty concerning the inter-oceanic canal, go over without action.

Of the legislation actually accomplished and now on the statute books, the financial act is regarded as the chief achievement of the year.

An act providing a tariff 15 per cent of the Dingley rate for Porto Rico and providing civil government passed, also on the president's recommendation an act was passed appropriating for the use of Porto Rico, the \$2,095,455 collected from island sources since its acquisition.

An act also passed to provide a government for the territory of Hawaii.

The Philippines and Cuba have occupied much attention in the way of debate and the adoption of resolutions of inquiry. The Spooner Philippine bill failed to be acted upon. The only legislation as to Cuba is of a comparatively minor character, relating to Cuban shipping.

The extradition bill, applying to all insular possessions and dependencies, has passed both houses and doubtless become a law. It is designed mainly to reach cases like that of Charles F. W. Neely.

The Nicaraguan canal bill and the shipping subsidy bill are notable instances of legislation partly advanced during the present session, but not enacted into law. The canal bill passed the house and was made the special order in the senate beginning December 10, next. The shipping bill is on the calendar of each house with favorable recommendation from a majority mem-

bership of the senate and house committees.

Anti-trust legislation has come prominently into attention in the house at the close of the session, the house having passed a new anti-trust bill and defeated a constitutional amendment.

The senate has passed a bill for a cable to the Philippines and beyond, to be constructed and maintained under government control, but no action has been taken on it in the house.

The restriction of oleomargarine has been productive of considerable agitation, mainly in committees, and a radical restrictive bill has been reported to the house.

The general pension laws have been materially changed by the present congress, largely as a result of the efforts of the Grand Army of the Republic which secured the passage of a bill amending the law of June 27, 1890, so as to permit the "aggregating" of disabilities, and changing the provision as to widows so that a widow may receive pension when she is without means of support other than her daily labor, and had an actual net income not exceeding \$250, etc.

The "free homes" act has at last become a law. It provides for the patenting of homesteads on the public lands acquired from the Indians, on the payment of the usual fees and no other or further charges. This opens to free homestead entry many millions of acres of public lands in the west, heretofore sold at stated figures per acre.

Another measure passed of some general interest permits the secretary of agriculture to restore game birds, which are becoming extinct, and provides means for the restriction of traffic in dead animals, birds, etc., from state to state, the latter provision being in part designed to limit the destruction of song birds for the sale of their plumage.

Among other miscellaneous acts of the session are those for the preservation of the historic frigate Constitution and for extending the work of the twelfth census.

Considerable legislation is carried on appropriation bills. These provisions include the amendment to the military academy bill, making the commanding general of the army a lieutenant general, and the adjutant general of the army a major general; also the amendment to the sundry civil bill appropriating \$5,000,000 for the St. Louis exposition. Both of these bills are still pending.

The naval appropriation bill adds two battleships, three armored cruisers, three protected cruisers and five submarine boats to the naval strength and may include special legislation, as to armor plate and a government plant. The other appropriation bills in the main carry the usual government supplies.

The Alaska code bill, giving a complete civil system of laws to the territory, has passed both houses and undoubtedly will become a law.

Other measures which have passed one house or the other, but which are still pending, include those for the election of senators by the people; authorizing the president to appoint a committee to study commercial conditions in China and Japan; for increasing the efficiency of the army by making staff service in the corps temporary; extending the eight-hour law; increasing the annual allowance to the militia of the country from \$400,000 to \$1,000,000.

MAY ADJOURN WEDNESDAY.

Believed Both Houses of Congress Will Agree on That Point.

WASHINGTON, June 4.—In the house there was nothing on the horizon which threatens to prevent final adjournment on Wednesday.

There was hardly any doubt that the senate will agree to the house resolution to adjourn the session on that day.

BOERS LEFT FOR CLEVELAND.

Decided To Not Stay So Long at Niagara Falls.

BUFFALO, June 4.—The three Boer envoys, Messrs. Fischer, Wolmarans and Wessels decided to shorten their visit at Niagara Falls and left for Cleveland last night. During their short stop over in Buffalo, they said the change of plan was simply to save 12 hours time. They left Buffalo for Cleveland at 7 o'clock last night.

New Bishop Consecrated.

RICHMOND, Va., June 4.—The Rev. Benj. J. Keiley was consecrated bishop of Savannah, at St. Peter's Cathedral today. Cardinal Gibbons, of Baltimore, was the consecrator. The Rev. Francis Xavier McCarthy, S. J., was the preacher. Bishop Keiley (correct) was invested with the pastoral staff of the late Bishop Becker and also with the ring of the deceased prelate.

Over 52,000 Census Enumerators.

WASHINGTON, June 4.—The exact number of census enumerators now at work is 52,631. Pennsylvania leads the list with 4,676; New York comes next, with 4,492. Alaska has only 2 and Nevada 33. Maryland has 744, Ohio 2,908 and West Virginia 584.

BEASTS DEVOUR DEAD.

Horrible Scenes In the India Famine District.

CHOLERA AND SMALLPOX RAGING.

Rev. Dr. Klopsch Said Fugitives Were Found Dying In Fields and Roadside Ditches—Death Rate Fearful In the Camps—Whole Families Blotted Out.

BOMBAY, June 4.—Louis Klopsch, of New York, publisher of The Christian Herald, who arrived here May 14 and started at once on a tour of the famine stricken districts, has returned, after traveling through the most sorely smitten portions of the Bombay presidency, including Gujerat and Baroda. He makes the following statements regarding his observations:

"Everywhere I met the most shocking and revolting scenes. The famine camps have been swept by cholera and smallpox. Fugitives, scattered in all directions and stricken in flight, were found dying in fields and roadside ditches. The numbers at one relief station were increasing at the rate of 10,000 per day.

"At Godhera there were 3,000 deaths from cholera within four days, and at Dohad 8,500 in the same period. The hospital death rate at Godhera and Dohad was 90 per cent.

"The condition of the stricken simply beggars description. Air and water were impregnated with an intolerable stench of corpses. At Ahmedabad the death rate in the poorhouse was 10 per cent. Every day saw new patients placed face to face with corpses. In every fourth cot there was a corpse.

"The thermometer read 115 in the shade. Millions of flies hovered around the unclean dysentery patients.

"I visited the smallpox and cholera wards at Viragam. All the patients were lying on the ground, there being no cots. Otherwise their condition was fair.

"I can fully verify the reports that vultures, dogs and jackals are devouring the dead. Dogs have been seen running about with children's limbs in their jaws.

"The government is doing its best, but the native officials are hopelessly and heartily inefficient. Between the famine, the plague and the cholera, the condition of Bombay Presidency is now worse than it has been at any previous period in the nineteenth century. Whole families have been blotted out. The spirit of the people is broken, and there may be something still worse to come when the moon breaks."

FOREIGNERS MISSING.

Some of Party Fleeing From Boxers Reached Tien Tsin—Missionary Murdered—Another Missing.

TIENTSIN, June 4.—Six men and two ladies, French and Belgian refugees from Pao Ting Tu, arrived here. Nine are still missing.

A body of mounted Cossacks have gone in search of the missing and to take food to Yan Lie Ching for the relief of the party there.

It is reported from Peking that Mr. Stevenson, of the Church of England mission at Yen Ching has been murdered and that Dr. Nosman, of the same mission, is missing.

TIENTSIN, June 4.—The French consulate received information from priests at Pao Ting Fu that 30 foreigners, including six ladies and a child, who were attempting to escape from Pao Ting Fu to Tien Tsin in boats, were attacked by over 700 Boxers armed with rifles and spears. Four of the foreigners were wounded and four were killed outright. Those who escaped are ten miles from here. An expedition is proceeding to their relief.

As the foreigners have little ammunition their position is critical.

NEW PRESBYTERIAN PASTOR.

Rev. Dr. Patterson Took Charge of Bethany Church, Philadelphia.

PHILADELPHIA, June 4.—The new pastor of Bethany Presbyterian church, the Rev. William Patterson, entered upon his duties Sunday. The church has been changed and renovated at a cost of \$40,000.

The Rev. Patterson comes here from Cooke's Presbyterian church, in Toronto, where he had served since his graduation from Knox college, in April, 1886. He was born in County Derry, Ireland, in 1859, and received his preliminary education at Queen's college, Dublin. He came to Bethany to fill the vacancy left by Dr. Caplin's removal to New York city.

FRENCH NEAR PRETORIA.

He Was Eight Miles From There on Thursday—Lord Roberts Reported All Quiet at Johannesburg.

LONDON, June 4.—There is no direct news from Pretoria of later date than Thursday evening. General French's cavalry were then at Irene, eight miles south of Pretoria, and firing was heard there. Lord Roberts' messages about secondary operations elsewhere and the southern at Johannesburg, dated at Orange Grove, a farm four miles northeast of Johannesburg, show that on Saturday, at 9:10 p. m., he was 25 miles from Pretoria.

LONDON, June 4.—Lord Lansdowne, secretary of state for war, has received the following from Lord Roberts, dated Orange Grove, June 2:

"Johannesburg is quiet. The people are surrendering arms and ponies. Only three Boer guns were left in the fort.

"The Queenslanders captured, May 30, a Creusot, with 11 wagons of stores and ammunition.

"Commandant Botha, of Zoutpansberg, his official cornet and 100 prisoners were taken in the fighting around Johannesburg, some belonging to the foreign contingents and the Irish brigade.

"The Thirteenth Yeomanry were attacked May 29 between Kroonstad and Lindley. There were some casualties."

The war office received the following additional advices from Lord Roberts, dated Orange Grove, June 2:

"Owing to the interruption of the telegraph lines I only today received a report from Colonel Sprigg that his battalion of Imperial Yeomanry was attacked between Kroonstad and Lindley, May 29. Casualties to follow.

"The shops at Johannesburg are being opened and there seems to be a general feeling of relief at the peaceful occupation of the town.

"The proclamation announcing the annexation of the Orange Free State was made at Bloemfontein, May 26, by General Prettyman (military governor). The troops under General Kelly-Kenny formed a square, the royal standard was hoisted, the troops saluted, a royal salute was fired and the Queen was cheered. The name 'Orange River Colony' was well received.

"Received a report yesterday that four prisoners had escaped from Pretoria."

AGUINALDO MAY BE DEAD OR WOUNDED.

Major March's Men Shot an Officer—Some Papers of Rebel Leader Found In Captured Saddlebags.

VIGAN, Luzon, June 2, via Manila, June 4.—Major March, with his detachment of the Thirty-third regiment, reached Laboagan, where Aguinaldo had made his headquarters since March 6, on May 7. Aguinaldo had fled about seven hours before, leaving all the beaten trails and traveling through the forest along the beds of streams. Toward evening, May 19, Major March struck Aguinaldo's outpost about a mile outside of Lagat, killing four Filipinos and capturing two. From the latter he learned that Aguinaldo had camped there for the night.

Although exhausted and half starved, Major March's men entered Lagat on the run. They saw the insurgents scattering into the bushes or over the plateau. A thousand yards beyond the town, on the mountainside, the figures of 25 Filipinos, dressed in white, with their leader on a gray horse, were silhouetted against the sunset. The Americans fired a volley and saw the officer drop from his horse. His followers fled, carrying the body.

The Americans, on reaching the spot, caught the horse, which was richly saddled. Blood from a badly wounded man was on the animal and on the ground. The saddle bags contained Aguinaldo's diary and some private papers, including proclamations. One of these was addressed:

"To the Civilized Nations." It protested against the American occupation of the Philippines. There were also found copies of Senator Beveridge's speech, translated into Spanish and entitled "The Death Knell of the Filipino People."

Major March believing that the Filipinos had taken to a river which is a tributary to the Chico followed it for two days reaching Tiao where he learned that a party of Filipinos had descended the river May 20 on a raft with the body of a wounded man upon a litter, covered with palm leaves.

MUST LAY DOWN ARMS

Otherwise Commission Won't
Treat With Rebels.

TAFT SO STATED IN INTERVIEW.

The Commission Received at Manila With
Official Honors—While In Hongkong
the Members Conferred With Certain
Filipinos—Some Natives Anxious.

MANILA, June 4.—The United States
transport Hancock, from San Francisco
April 17, arrived here with the mem-
bers of the Philippine commission.
The members of General MacArthur's
staff welcomed the commissioners on
board the Hancock. Later the com-
missioners landed and drove to the
palace, escorted by General MacAr-
thur's staff, a band and two companies

JUDGE WILLIAM H. TAFT.

of the Twenty-sixth infantry, with ar-
tillery.

At the palace the commissioners were
welcomed by General MacArthur in a
short and forceful address. After Judge
William H. Taft, president of the com-
mission, had replied the commissioners
returned to the Hancock, where they
will remain until they have selected
suitable dwellings on land.

Previous to their landing, the members
of the Filipino supreme court, the local
editors and many of the leading mer-
chants repaired to the transport, where
they conversed with the commissioners.
Rear Admiral Remey, in command of
the United States naval forces on the
Asiatic station, called officially, after
their return from the trip ashore. To-
day General MacArthur will return the
call to the commissioners. The family
of Judge Taft will remain for a while in
Japan. The families of the other com-
missioners arrived with them.

Judge Taft, speaking in reply to ques-
tioning during an interview regarding
the powers and future work of the com-
mission, said:

"We have full instructions and exten-
sive powers. The latter we shall not
exercise until we have had ample time
to acquire sufficient knowledge of the
situation to enable us to proceed to en-
act legislative changes and reforms,
preliminary to the establishment of a
stable civil government. Until we as-
sume authority, General MacArthur
will continue to perform the duties and
exercise the powers formerly performed
and exercised by General Otis; and,
even after we take active and full part
in the government, General MacArthur
will continue as the executive head
until, upon our recommendation to
President McKinley, it shall seem to
the president the time has arrived for
the appointing of a civil executive and
for making the military forces merely
auxiliary in carrying on the civil gov-
ernment, to be available only in cases
of emergency for the suppression of
lawless violence too formidable to be
overcome by the regularly organized
local police.

"We are aware that there are several
issues of deep interest to the Filipinos,
upon which it is our duty to take action.
Some of these involve judicial investi-
gation and decisions upon legal rights.
Others call for the careful exercise of
political power in order to secure equi-
table adjustments. Upon the latter class
of issues we cannot now speak.

"Representing the sovereignty of the
United States in the Philippines, which
it is the purpose of our government to
maintain we are here to do justice to
the Filipinos and to secure for them the
best government in our power and such
a measure of popular control as is con-
sistent with the stability and security of
law, order and property. We are civil
officers, men of peace. The field of
our work is necessarily confined to re-
gions where the armed enemy has
ceased his operations. We cannot deal

with armed men. General MacArthur
and the army will do that.

"When those now in arms shall have
laid them down, relying, as they cer-
tainly can, upon the justice, generosity
and clemency of the United States, we
shall give them all a full hearing upon
the policy to be pursued and the reforms
to be initiated. We purpose to inaugu-
rate as comprehensive a school system
throughout the islands as circumstances
will allow. I am surprised that Ma-
nila has not received news regarding the
Spooner bill, a measure calculated to
help us greatly in our work here."

While in Hongkong the commis-
sioners questioned Armacho and members
of the wealthy Cortez family regarding
Filipino affairs not covered by the Fili-
pino junta there. The Filipinos in
Manila were anxiously, and even ner-
vously awaiting a formal statement by
the commission regarding its future
policy. Everything the commissioners
said or did on the subject was carefully
considered. Cablegrams from Hong-
kong had been published here to the
effect that the commission would not
assume control until September.

This report, coupled with the state-
ment that Washington approved Gen-
eral MacArthur's plan of campaign, has
created considerable excitement in Fili-
pino circles, where it has been expected
that immediate changes of policy and
action would follow the arrival of the
commission. It should be understood
that the foregoing declaration of Judge
Taft was in no sense intended as a
proclamation.

HIMSELF PRESIDENT.

Gomez Believed to Intend to Inaugurate a Movement—Alleged Offer From U. S. Senator.

HAVANA, June 4.—General Maximo Gomez is expected to arrive here today and preparations have been made to receive him with all honors.

Many believe that General Gomez, disappointed at the attitude taken toward him by the people of Santo Domingo, has come back to Cuba to engage in an active campaign for the future presidency of the Cuban republic. His friends say he will try to unite the Democratic, Republican and Nationalist parties with a view of bringing about an harmonious constitutional convention in this city in August.

It is reported that Gomez, while at Santo Domingo, said he was returning to Havana to bring about the complete and absolute independence of Cuba and that he had such a convention in view.

An intimate friend of Gomez says that, of the parties refuse to combine, he will establish a Cuba Libre party of his own and endeavor to obtain a plebiscite of the entire island, expecting in that way to force the political leaders to adopt his proposal, if only in the hope of future office. It is rumored that, for such a purpose, Gomez has been promised funds by a number of wealthy men, including a United States senator, who is said to have offered \$500,000 on certain conditions, to which Gomez will undoubtedly agree.

Teaching a Horse Tricks.

You can, with patience, teach your horse politeness—to bow to an audience, to say "No" with more or less decision, to kiss you or even laugh. The animal may be taught to bow by tapping him on the back with a whip. He bends his head in trying to avoid the annoyance. The trainer ceases the tapping, caresses him, then resumes it till he repeats the bow. He is again caressed and presented with a carrot or something of which he is particularly fond. At last it comes about that he "bows" upon any movement of the whip toward his back.

To teach a horse to say "No" a pin is fastened to the butt of the whip. A slight scratch is given to the horse's withers, about where the collar would be. At this he shakes his head and soon learns to shake it whenever he sees the butt of the whip coming near his withers.

The trainer teaches the animal "to kiss" by feeding him with apples from his mouth, gradually lessening the size of the apples till the horse does the trick without any, or he puts salt, of which horses are very fond, on his cheek, and the animal naturally licks it off.

He is taught to laugh by gently forcing the butt of the whip in at the side of his mouth, then prying his mouth open with it. Caresses and carrots follow, till at last the slightest motion of the butt toward his mouth makes him open it. He does not really laugh; he grins.—Good Words.

Beecher's Hard Luck.

One day in a town where he was to lecture Mr. Beecher went into a barber shop to be shaved. The barber, not knowing him, asked him whether he was going to hear Beecher lecture.

"I guess so," was the reply.

"Well," continued the barber, "if you haven't got a ticket you can't get one. They're all sold, and you'll have to stand."

"That's just my luck," said Mr. Beecher. "I always did have to stand when I've heard that man talk."

HE WON THE CASE.

A Story of Lincoln's Wonderful Mental and Physical Ability.

Professor Stevens was once working up a mining case for the government in a western state where Mr. Lincoln was practicing law. Mr. Lincoln at the time was comparatively unknown in law and politics. When the professor engaged his room in the crowded country hotel, he found that Mr. Lincoln was to occupy one bed in the room, as there was no other place where he could be accommodated. After arranging his books the professor settled down in an easy chair to prepare his brief.

Mr. Lincoln soon came in and made himself known. He said he also had to spend the evening making up an argument upon a mining case, and he knew less about mines than about anything else. In an hour the professor finished his work and retired, but before he did so he granted his roommate the privilege of using all his books, maps and papers upon mines and mining. Then he went to sleep, and when he awoke at 7 the next morning he found Mr. Lincoln just where he had left him poring over his books and papers. The lamp was still burning, although it was daylight.

As Professor Stevens' case did not come up the next day he attended the court to hear Mr. Lincoln present his arguments. He reached the scene in time for the opening speech by his roommate, and he staid all through the session.

Although Mr. Lincoln spoke for over an hour on the technicalities of mines and mining, he did not make a single mistake. He cross examined some half dozen surveyors and engineers and in every case puzzled and embarrassed them with his knowledge of the subject. Of course he won the case. But Professor Stevens said that everybody in the court believed he had been graduated in mining engineering and had devoted years to the study of the science.—Saturday Evening Post.

SHE ORDERS HIS CLOTHES.

And Takes Great Pains to Have Her Husband Properly Dressed.

The wife of a man who served with distinction as a cabinet officer during a recent administration entered a tailor shop near Fifth avenue a week ago and said to the proprietor:

"I am Mrs. So-and-so, and I don't suppose that women come into your shop very often."

"A good many women help their husbands to select their clothes," said the proprietor.

"Well, I am glad to hear that," said the woman. "I have bought my husband's clothes for him ever since we were married, and if I did not look out for them he would not have any clothes. He never thinks of them. Didn't even when he was in Washington, though he was always properly dressed. Now I want some spring clothes for my husband. I will select the samples for three suits, and I will tell you just how to make them. When my husband comes to get measured, don't pay any attention to his orders about the clothes if he gives any. If he ordered his own clothes, he would not be suited anyway."

The proprietor found that this woman knew as much as the average man about men's clothes, and he accepted her directions. On the following day, when her husband came in, the proprietor recognized him from his pictures and said:

"Mr. So-and-so, your wife selected goods for three suits of clothes for you yesterday, and if you will step back I will show you the patterns."

"Young man," said the ex-cabinet officer, "I would not dare to interfere with my wife's selections. Just take my measure as quickly as you can and make the clothes as directed."

After the measurements had been made the ex-cabinet minister hurried out without asking what style of suits had been ordered for him.—New York Sun.

The Old Shipplasters.

Probably the greatest prout ever enjoyed by the government as a result of the destruction of money was in connection with the fractional currency or shipplasters issued during the civil war.

The total amount issued was \$368,724,079, of which \$6,880,558 has never been presented for redemption.

A large amount has been preserved as curios by collectors, and occasionally even now it is offered for redemption.—Indianapolis News.

GREEDY MACKEREL.

A Gorging Feast and the Way It Was Managed.

I once enjoyed the privilege of seeing an army of mackerel successfully corner a shoal of small fry in a rocky shallow pool which was a cul de sac. The mackerel swam behind their victims in serried ranks, a company of hungry, determined creatures, intent upon a gorging feast to which there need be no limit. They had followed the fry for miles maybe, merely swallowing one here and one there to keep their appetites whetted. Now they had cornered them where there was no escape for their victims. No alert fisherman on the lookout for just such an opportunity was at hand to convert their triumph and feasting into captivity and lamentation. They might feast at will.

And, ye gods, feast they did! No one who has not seen it would believe that the cubic capacity of a mackerel could possibly deal successfully with the number of small fish he actually swallows. The way he conducts the operation of feasting is unique. Opening his mouth wide, the mackerel darts in among the small fry, some of which are perhaps one-third of his own length. In an instant one of these is to be seen sticking half in and half out of his mouth. Then the mackerel gives one gulp, and the victim has disappeared. Without a moment's delay the process is repeated and repeated so many times that the spectator cannot fail to be concerned for the immediate future of the particular mackerel he has watched. Yet nothing happens.

As for the fry, their helpless anguish is somewhat heartrending. The whole shoal of them boils and churns the water in an agony of fear. High into the air they leap in order to avoid their voracious enemies, landing themselves often enough upon the weed covered rocks which skirt the pool and panting their lives out there rather than leap back into the seething mass of their harassed companions beneath.—Longman's Magazine.

SETTING TIRES.

The Old Way of Shrinking Them on and the Modern Way.

The old way of putting a tire on a wheel was to shrink it on. The tire was made just a trifle smaller than the wheel and then heated, with the result of expanding it slightly. When thus heated it was crowded down over the rim of the wheel and then cooled with water to keep it from burning the wheel and also to contract it. Cooling, it was shrunk on to bind the wheel tightly. The modern way of putting a tire on a wheel is with a hydraulic tire setting press.

By this method the tire is made just a trifle larger than the wheel, so that it will go over the rim freely. The bed of this press, upon which the wheel lies horizontally, with an opening at the center for the hub, is composed of 18 sections, radiating from the center and in shape like the spaces between the spokes of a wheel. The outer end of each section is turned upward, the turned up ends making a continuous flange, or collar, all around the bed of the press. Each one of the sections has under it a hydraulic cylinder, and the sections are all arranged to work to a common center. In use the wheel is laid on the press with the cold tire around it within that turned up collar, or flange, around the edge. When the press is set in operation, the collar, or flange, is irresistibly contracted. When it comes in contact with the tire around the wheel, it does not bring up against it, but keeps on contracting just the same, now contracting the tire as well and setting it upon the wheel, the pressure being continued until the wheel itself has been brought to the requisite degree of dishing.—New York Sun.

EAST LIVERPOOL, O., MONDAY, JUNE 4, 1900.

TWO CENTS

FULMER DECLINES CALL TO THIS CITY

Notified the Congregation of the First Presbyterian Church Yesterday That He Could

NOT ACCEPT THE HONOR

Which They Had Conferred Upon Him by Calling Him to be Their Pastor.

CANDIDATES WILL BE HEARD.

Dr. L. S. Fulmer, of Baltimore, has declined the call to the pastorate of the First Presbyterian church, of this city, and the congregation will begin where it left off and a number of candidates will be heard before another vote is taken.

The following letter from Dr. Fulmer, which was read to the congregation yesterday, explains itself:

1223 W. Lafayette ave.,
Baltimore, June 1, 1900.

"According to promise I have endeavored to arrive at a decision this week. I have given the 'call' in which your church so highly honored me, the most earnest and prayerful consideration. I have studied your field and its requirements, and then I have studied my own adaptability to them, and with all the light that I have received I am forced to this conclusion—I must decline the 'call.' There are many things in your church that attract me—the work itself, the attraction of numbers, the kindness and cordiality of the people, but with all this, duty is clear to me to remain in Baltimore. This to me is the will of God and I must abide by His will. I shall follow the future of your church with the keenest interest. My brief acquaintance with you all has been such that it cannot be forgotten. Commending your noble church and its interests to the Great Head of the church, Christ Himself, I am sure that all things will work together for good, and that in God's own time and way a man will be sent to you who will break unto you the bread of life and go in and out among you as an apostle of light and joy and peace.

Sincerely yours,
"L. S. FULMER."

BAKERS ORGANIZE

A BRANCH OF THE B. & C. INTERNATIONAL UNION

Formed in This City Saturday Evening. When Officers Were Elected and Charter Applied For.

The journeymen bakers of this city at a meeting held Saturday evening decided to form a branch of the Bakers and Confectioners International Union in this place. Ten or twelve of the bakers were present and all signed the application for a charter. Several unsuccessful efforts have been made to organize this trade at different times during the past four years, and the fact that it is now assured is gratifying to the trades unionists in the city. The officers elected were: President, Mike Peterson; financial secretary, James Skinner. The charter will arrive about Wednesday of this week at which time Organizer Powell will obligate the members and the balance of the officers together with the delegates to Trades council will be elected.

The Laughlin No. 2 team defeated the Dresden Pottery club last Saturday, and by so doing left the K. T. & K. team in undisputed possession of first place.

Laughlins were shy Lynch, their regular pitcher, but R. Wheatley was placed in the box and did very well. The game opened with Laughlins at bat and before they had been retired they had scored three runs on one hit, errors by Webb, Clarke and Gill, a hit by pitched ball and a base on balls. Dresdens got a shut out in their half and Laughlins shared the same fate in the second, and the Dresdens were also whitewashed.

The run getting began again in the third, when Laughlins made two on a single by Baxter, a double by D. Wheatley and an error by McGuire. Notes.

Barker pitched a good game, but his support was ragged at times when it meant runs.

Baxter caught a good game and it was a wise change putting him behind the bat and playing Wooliscraft at first.

Laughlins outfield is just about the fastest in the league. Barker's and Webber's hits both went over the fence, but Little fielded the ball so fast that the best they could get was two bases.

The Dresdens hit hard, but couldn't make runs.

A rumor is floating that the K. T. & K. team will drop out of the league, and it is said that they have so announced their intention and won't play any more games. It is thought the trouble will be patched up and they will finish the season.

Rev. Mansell's Address.

At a meeting of the Salem Union Missionary society Rev. Walter Mansell, formerly of this city, spoke on the subject, "Responsibility of a Christian Toward Mission Work." He thought that centralization of the work would be a good thing. Rev. Mansell said that a convert can be secured in the city for \$1, while in the small country towns the same costs \$10. The evangelization of the city rests upon the Christian people. The Christians should go out and bring people to the church. Too many Christians live aloof from the people. We ought to have more personal work. The speaker was in favor of stopping Sunday ball games, Sunday excursions, Sunday street loitering and Sunday liquor selling.

CROSBY BROKE CANNON'S JAW

He Was Sitting on the Ground Playing With Crosby's Child When

HE ASSAULTED HIM, BREAKING

His Jaw In Two Places, and Also Dislocating It.

ASSAILANT NOW UNDER ARREST.

Too much booze was the cause of an assault Saturday night which resulted in one man being badly used up and having his jaw broken in two places and dislocated.

Some time during the evening Jim Rusby, Jack Cannon, Jim Morrow and Moxey Flick purchased some beer, and taking it with them, went down the railroad track toward Jethro, where they intended to procure a skiff and cross the river. They discovered, however, that they could not get a skiff in that part of the city and one of the men remarked that he had a friend living down there and they would take the beer over to his shanty. The friend was William Crosby and he lives in a small house down in the bottom near the Golding flint mill. Crosby was willing when the men arrived and he joined in with them to have a good time. Cannon was on the grass playing with the 7 or 8-year-old child of Crosby and Crosby was cooking supper when, without a word of warning, Crosby walked over to where Cannon was lying on the ground and began kicking him. Before he could be stopped he had broken Cannon's jaw in two places and dislocated it. In addition to pretty badly bruising him up. The injured man was taken to the office of Dr. W. J. Taylor, where his injuries were attended to, and he was then hauled home in the patrol.

Crosby was arrested by Officer Aufderheide, and he at once inquired how bad he had hurt Cannon. He is still in jail, as Cannon will not be able to talk for several days.

It is stated that this is the second fight Crosby has been in in the last week, as he gave Pegleg Strain a severe beating a short time ago.

A Small Fire.

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 301.

EAST LIVERPOOL, O., MONDAY, JUNE 4, 1900.

TWO CENTS

FULMER DECLINES CALL TO THIS CITY

Notified the Congregation of the
First Presbyterian Church Yes-
terday That He Could

NOT ACCEPT THE HONOR

Which They Had Conferred Upon
Him by Calling Him to
be Their Pastor.

CANDIDATES WILL BE HEARD.

Dr. L. S. Fulmer, of Baltimore, has declined the call to the pastorate of the First Presbyterian church, of this city, and the congregation will begin where it left off and a number of candidates will be heard before another vote is taken.

The following letter from Dr. Fulmer, which was read to the congregation yesterday, explains itself:

1223 W. Lafayette ave.,
Baltimore, June 1, 1900.

"According to promise I have endeavored to arrive at a decision this week. I have given the 'call' in which your church so highly honored me, the most earnest and prayerful consideration. I have studied your field and its requirements, and then I have studied my own adaptability to them, and with all the light that I have received I am forced to this conclusion—I must decline the 'call.' There are many things in your church that attract me—the work itself, the attraction of numbers, the kindness and cordiality of the people, but with all this, duty is clear to me to remain in Baltimore. This to me is the will of God and I must abide by His will. I shall follow the future of your church with the keenest interest. My brief acquaintance with you all has been such that it cannot be forgotten. Commending your noble church and its interests to the Great Head of the church, Christ Himself, I am sure that all things will work together for good, and that in God's own time and way a man will be sent to you who will break unto you the bread of Life and go in and out among you as an apostle of light and joy and peace.

Sincerely yours,
"L. S. FULMER."

The officers elected were: President, Mike Peterson; financial secretary, James Skinner. The charter will arrive about Wednesday of this week at which time Organizer Powell will obligate the members and the balance of the officers together with the delegates to Trades council will be elected.

RUN DOWN BY A FREIGHT TRAIN

Harry Weaver of Klondyke Has
His Left Foot and

AMPUTATION WAS NECESSARY

Struck by the Cars Near the Spring
at Thompson's Pottery
Last Evening.

HE SHOWED WONDERFUL NERVE

Harry Weaver, a young man of about 21, a son of Mrs. Adelphi Weaver, of Klondyke, met with a very serious accident last night about 9:30. He had gone with a crowd of about a dozen boys to Thompson's spring, just above the Thompson pottery, and was with the crowd on their way back. The boys stopped near the bridge, where Harry left them, saying that he was going to see some one up town, then catch a car and go home. A freight train passed down about this time, and his companions heard him cry out in pain soon after he had started away. Hugh Carr, who was not far away, reached him first and found him lying near the track. Of the crowd he had been with Vallie Waggle, John Swindell, John Wines and Thomas Humphrey soon came up and found that his left foot and ankle had been run over and badly crushed.

The patrol wagon was sent for and took him to the office of Dr. Hobbs. There was no question but that am-

putation was necessary, and Drs. W. N. Bailey, James Taylor, L. O. Williams and Hobbs performed the operation, taking the limb off just below the knee.

After the wound was dressed he was taken to the home of his brother, Vaughn Weaver, who lives on Short street, Wucherer's addition.

The injured boy exhibited considerable nerve before and during the operation. When one of the surgeons spoke of beginning the amputation he said: "Wait a minute; can nothing be done to save it?" When told that this was impossible, as the leg was off and the stump had to be dressed, he said: "Well, then go ahead; I am ready."

He was an employe of Laughlin pottery No. 1 and had worked on Memorial day and show day and had planned to go fishing with his brother today.

AT FIRST M. E. CHURCH.

Probationers' Day and Communion
Services Were Observed
Yesterday.

The services at the First M. E. church on Sunday morning were of unusual interest. Over 80 probationers were received into full membership and took upon themselves the solemn vows and obligations of the church. Old age, middle age, youth and childhood were represented in the gathering. The pastor addressed the new members in brief but earnest terms, pleading that they should stand by the Master from the commencement all the way through, giving their time and talent to the building up of the cause of God and of righteousness.

Communion services were also held and it seemed as if almost every man and woman in the large congregation participated therein.

Dr. Crawford hit the rum traffic hard blows in the evening service, relating incidents whereby the demon

of alcohol had ruined the bodies and souls of men of his acquaintance, men who were willing to try to quit drinking by and through the strength of human will power, but who refused to call upon God for His all powerful aid.

Harry Weaver, a young man of about 21, a son of Mrs. Adelphi Weaver, of Klondyke, met with a very serious accident last night about 9:30. He had gone with a crowd of about a dozen boys to Thompson's spring, just above the Thompson pottery, and was with the crowd on their way back. The boys stopped near the bridge, where Harry left them, saying that he was going to see some one up town, then catch a car and go home. A freight train passed down about this time, and his companions heard him cry out in pain soon after he had started away. Hugh Carr, who was not far away, reached him first and found him lying near the track. Of the crowd he had been with Vallie Waggle, John Swindell, John Wines and Thomas Humphrey soon came up and found that his left foot and ankle had been run over and badly crushed.

The patrol wagon was sent for and took him to the office of Dr. Hobbs. There was no question but that am-

putation was necessary, and Drs. W. N. Bailey, James Taylor, L. O. Williams and Hobbs performed the operation, taking the limb off just below the knee.

After the wound was dressed he was taken to the home of his brother, Vaughn Weaver, who lives on Short street, Wucherer's addition.

The injured boy exhibited considerable nerve before and during the operation. When one of the surgeons spoke of beginning the amputation he said: "Wait a minute; can nothing be done to save it?" When told that this was impossible, as the leg was off and the stump had to be dressed, he said: "Well, then go ahead; I am ready."

He was an employe of Laughlin pottery No. 1 and had worked on Memorial day and show day and had planned to go fishing with his brother today.

AT FIRST M. E. CHURCH.

Probationers' Day and Communion
Services Were Observed
Yesterday.

The services at the First M. E. church on Sunday morning were of unusual interest. Over 80 probationers were received into full membership and took upon themselves the solemn vows and obligations of the church. Old age, middle age, youth and childhood were represented in the gathering. The pastor addressed the new members in brief but earnest terms, pleading that they should stand by the Master from the commencement all the way through, giving their time and talent to the building up of the cause of God and of righteousness.

Communion services were also held and it seemed as if almost every man and woman in the large congregation participated therein.

Dr. Crawford hit the rum traffic hard blows in the evening service, relating incidents whereby the demon

of alcohol had ruined the bodies and souls of men of his acquaintance, men who were willing to try to quit drinking by and through the strength of human will power, but who refused to call upon God for His all powerful aid.

Doubtful About It.

Lisbon Patriot.

J. F. Henry, of Elkrum township, has leased his premises for gold, silver and lead mining purposes. He left a specimen of the bar at our office. We are not judge enough of ores to say whether it is valuable or not, but we have our serious doubts about its value.

No Will.

Lisbon, June 4.—(Special).—No will was found in the estate of the late James Whitacre, of Fairfield township, and the probate court today gave to Alice Whitacre letters of administration with \$200 bond. John Lodge, George Walters and Richard Farmer will appraise the estate.

SUBURBAN NEWS

EAST END.

Given a Tip.

It is a well known fact that there are few arrests in the East End. This is not because of any fault of Officers Hamilton and Torrence, but because the residents of the suburb are peaceably inclined. Whenever an arrest is made the culprit is usually an outsider. Mr. Hamilton thought he would have an opportunity to show his hand Friday evening when four colored people began to disturb the quiet of Mulberry street, but while he went to tell Torrence of the proposed catch some one gave the people a tip and they made their way to the state line.

Difficulty Unsettled.

The difficulty of the biscuit kiln hands at Laughlin No. 2 does not seem to be any nearer a finish than before. It is believed that their employers would be willing to allow them the 18½ days they ask instead of 17½ if it were not for the agreement with the other employers.

Communion Services.

The services at the Second M. E. church next Sunday morning will be devoted entirely to baptism of candidates, receptions of members and communion services. Children's day exercises will be held in the evening.

A Girl Born.

Mr. and Mrs. James Brown, of Dry Run, became the parents of a girl yesterday morning. The young lady arrived just a few days too late to be taken into account by the census enumerator on his trip this year.

The Sick List.

Miss Hazel Finley is under the doctor's care.

Willis White is considerably improved, but not able to be out.

Guy Derringer is among the afflicted at present.

Colored People's Dance.

The colored people will hold full sway at Columbian park tomorrow evening, as they have arranged for a dance to be given there at that time.

SPORTING NOTES.

Eclipse Club Claim the Umpire Gave Them the Worst End of It at Wellsville.

The Eclipse base ball team played in Wellsville last Saturday and with the score 6 to 4 against them in the ninth inning they left the field, claiming they could not stand the umpiring of "Chump" Grafton. The final kick was because he called Heckathorne out for cutting first base when the Eclipse boys assert that he stepped right on the base and did not cut an inch. He also refused to allow Heckathorne to take first when hit by a pitched ball when the bases were full and meant a run.

Frank Knowles, who stopped a ball with his face in the game between the packers and decorators of the K. T. & K. pottery, is again able to be out and his face is now presentable.

Henry Chadwick, the veteran base ball authority, says Washington once valued Mercer at \$8,000, and while he is not worth that much now, he is still a valuable man.

Mercer has had 6 stolen bases in 23 games.

Married in Allegheny.

A Pittsburg paper says: Miss Anna Robinson, of 742 Ross avenue, Wilkinsburg, and Emory L. Dearth, of East Liverpool, O., were quietly married Thursday evening of last week at the parsonage of Rev. J. S. Smith, Auburn street, East End. They have taken up their residence at the home of the bride's parents.

SOUTH SIDE.

Those Summer Cars.

The four summer cars which have been ordered for use on the South-side electric line this summer are expected to arrive about June 20. The big business which the line has done since the opening of Rock Springs has caused an order to "rush" to be sent to the company from which they were ordered.

Meets Wednesday.

The Democratic state convention will meet at Parkersburg Wednesday and nominate candidates for governor, auditor, treasurer, superintendent of schools, two judges of supreme court of appeals, two electors at large for president of the United States and members of the Democratic state committee.

They Quit Work.

Eighteen Italians, who have been working for Contractor Bovard on the sewer, quit work Saturday. The men demanded that the contractor furnish rubber boots for them to work in, which he refused to do. The men quit Saturday morning, received their money and many have left.

SABBATH OBSERVANCE.

MINISTERIAL ASSOCIATION OF THE TWO CITIES.

Backed by the Good Citizens League and Conservative Citizens to Enforce State Law.

We have been given to understand through what should be reliable authority that the Ministerial association of East Liverpool and Wellsville, in connection with the Good Citizens' league, will insist upon the legal observance of the Sabbath in these towns. We are informed that they have taken measures looking to that end and will do their utmost, assisted by conservative citizens, in enforcing the following state law:

Section 7033 (common labor on Sunday.) Whoever, being over fourteen years of age, engages in common labor on the first day of the week, commonly called Sunday; and whoever being over 14 years of age, shall open or cause to be opened, any building or place for the transaction of business on the first day of the week, commonly called Sunday, or who shall require any person in his employ or under his control to engage in common labor on Sunday, shall, on complaint made within ten days thereafter, and upon conviction, be fined, for the first offense, \$25, and for each subsequent offense such person shall be fined not less than \$50, nor more than \$100, and imprisoned not less than five days nor more than thirty days. But this section does not apply to or embrace works of necessity or of charity, and does not extend to persons who conscientiously observe the seventh day of the week as the Sabbath, and who do in fact abstain, on that day, from the doing of the things herein prohibited on Sunday; nor shall it be so construed as to prevent families emigrating from traveling, or watermen from landing their passengers, or keepers of toll bridges, toll gates or ferries from attending the same on Sunday.

OHIO SUNDAY SCHOOLS.

The State Association Will Hold Its Convention in Akron Tomorrow.

Akron, O., June 4.—The local Sunday schools have been busy for weeks past with preparations to entertain the State Sunday School association, which meets here tomorrow, Wednesday and Thursday. The arrangements are now complete and the city of Akron expects to entertain 1,500 Sunday school workers during the three days. Each county association is entitled to 10 delegates, who will be cared for while in attendance, and every county in the state is thoroughly organized.

This convention is the 41st in the history of the Ohio State Sunday School association, and every effort has been exerted by the officers of the local association to make it the best.

He speaks in glowing terms of the climate of his western home, and indeed his appearance indicates that he is dwelling in a healthy climate.

Portrait of Congressman Tayler and sketch of his life and biographies of Dr. Kirk and other past representatives of this district in "Ohio in Congress," to be begun in Thursday's News Review.

DON'T MISS IT.

You cannot afford to overlook the beginning of the great historical serial, "Ohio in Congress," which will be begun in the News Review Thursday. It contains a complete record of the prominent men of the Buckeye state, biographies and sketches of men whose lives shaped the destiny of the state. It is not a compilation of dry statistics, there's nothing of the Congressional Record about it, but it is a living story of the state, as fascinat-

ing as a novel and as instructive as a school book. Don't fail to read the opening chapters, which will appear exclusively in the News Review Thursday and will be published in two weekly installments until the story is told. It will be difficult, if not impossible, to secure back numbers, as the demand is sure to equal the supply daily. Begin at the beginning and you will feel amply repaid when you reach the finish.

DENTISTRY.

Have You Visited the Twentieth Century Dental Parlors in Our City.

If not, then you should do so at the first good opportunity. Especially should you do so if you are needing anything in the line of modern dentistry.

Drs. Cooke and Pfouts have established dental parlors in the Old Grand Hotel building, second floor, and are arranging affairs in first-class shape, in order that they may cater successfully and acceptably to the public at large. They are fully prepared to attend to your wants in the line of dentistry, and will take pleasure in so doing. Local and general anaesthetics are made use of, in accord with the very latest features of the profession. Plate and bridge work will receive careful and skillful attention. Gold, platinum, silver and combination fillings, as patrons may desire.

Drs. Cook and Pfouts have a number of warm personal friends in East Liverpool, and these friends speak in warm terms of praise of the newcomers in our midst.

The proprietors of The Twentieth Century Parlors announce that they have come to East Liverpool to establish themselves permanently at this point. They do not contemplate or expect to do all the dental work of this thriving and prosperous city, but simply expect a fair share of the same, confident that they can guarantee satisfaction in every particular. They extend to you a cordial invitation to visit their dental parlors at your convenience.

TURNED WATER ON THE SECTION GANG

H. A. McNicol Thought They Were Tearing Up West Market Street For Street Railway Company.

COT HIS HOSE OUT, AND

In a Remarkably Short Time the Workmen Quit Taking Up the Bricks.

IT WAS THE SEWER GANG.

H. A. McNicol this morning turned the hose on a gang of workmen who were tearing up West Market street this side of the Horn switch, in front of the Dresden decorating shop.

Early this morning a gang of street railway men began tearing up the street under the direction of Engineer George, as per the agreement with the city for the purpose of putting in the sewer to drain the Diamond. Mr. McNicol was notified at once and, thinking the men were tearing up the street for the purpose of putting down the street railway track, he secured the services of some of his employees, and running the hose out of a second-story window, on the bridge which spans West Market street, turned the water on the workmen. There was a general scatterment, but one man braved the water, and picking up half a brick shielded himself at the people who had charge of the hose, but he soon became disheartened and gave it up. The workmen returned to the power house, but a force of men are now at work digging a ditch where the street has already been torn up. It is expected the city will have no trouble in putting in the sewer and will take measures to see that the street can be torn up if they see fit.

He Obeyed the Judge.

Over a score of years ago Judge Fitzgerald was appointed to the bench of the district that includes Pima and Cochise counties, in Arizona. He found on coming to Tucson that formality was almost unknown in the courtroom. If the days were warm, the attorneys and attendants dispensed with coats. This to him appeared particularly disrespectful. He announced that smoking in the courtroom would not be tolerated and that coats must be worn under pain of the court's displeasure. The grand jury was called. Among the jurors summoned was a brawny miner, who appeared in his usual costume, a dark blue shirt and overalls. "What do you mean," thundered the magistrate, "by appearing in this courtroom in your shirt sleeves? Where is your coat?"

"At home, judge," mildly returned the juror.

"Then go and get it! No, not a word, sir!" glaring down upon the man as he attempted to speak. "Go home and get your coat, sir, or I'll commit you for contempt!"

The miner went silently out. He didn't return that day nor the next, and the judge, after issuing a bench warrant for him, swore in another juror. About two weeks thereafter the original miner, dressed as the court demanded, again stepped within Judge Fitzgerald's range of vision. To the irate magistrate he tendered the explanation that his home and coat were both in Harshaw mountains, near the Mexican border, over 100 miles away, and that he had but obeyed the orders of his honor in going home after his coat.—Arizona Graphic.

Answered.

Henry Fielding was once asked by Lord Denbigh why he wrote his name "Fielding" instead of "Fellding," as his lordship's family used.

"I cannot tell, my lord," replied the novelist, "except it be that my branch of the family were the first that knew how to spell."—San Francisco Argonaut.

Sustaining His Theory.

No man is a real man of science unless he is ready to abandon his own conclusions, duly put on record, if subsequent investigations prove them fallacious. The president of a great college once wrote a volume on the practice of medicine. After it had been completed and he had gone to New York to arrange for its publication his house was burned, and the manuscript of his book and all his notes were destroyed.

He couldn't reproduce it. Ten years afterward he said: "That fire was the greatest of good fortune to me. If I had published the book, I should have had to stand by it, whereas now I know that it was all wrong!"

Mr. Andrew Lang in Longman's Magazine tells of two geologists who were gathering specimens in a lonely mountain place. One of them had written a book. The other, looking about one day with a fieldglass, saw his friend occupied a long time—unobserved, as he thought—in rolling a great stone down hill and at dinner questioned him about it.

He pretended at first that he had been doing it for exercise, but, hard pressed, confessed:

"Well, the fact is the confounded thing was 200 feet too high to suit my theory!"

About 24 women in 100 are stronger in the left arm than they are in the right. Women, too, are more frequently equally strong in both arms than are men.

Portrait of Congressman Tayler and sketch of his life and biographies of Dr. Ikert and other past representatives of this district in "Ohio in Congress," to be begun in Thursday's News Review.

DON'T MISS IT.

You cannot afford to overlook the beginning of the great historical serial, "Ohio in Congress," which will be begun in the News Review Thursday. It contains a complete record of the prominent men of the Buckeye state, biographies and sketches of men whose lives shaped the destiny of the state. It is not a compilation of dry statistics, there's nothing of the Congressional Record about it, but it is a living story of the state, as fascinat-

ing as a novel and as instructive as a school book. Don't fail to read the opening chapters, which will appear exclusively in the News Review Thursday and will be published in two weekly installments until the story is told. It will be difficult, if not impossible, to secure back numbers, as the demand is sure to equal the supply daily. Begin at the beginning and you will feel amply repaid when you reach the finish.

DENTISTRY.

Have You Visited the Twentieth Century Dental Parlors in Our City.

If not, then you should do so at the first good opportunity. Especially should you do so if you are needing anything in the line of modern dentistry.

Drs. Cooke and Pfouts have established dental parlors in the Old Grand Hotel building, second floor, and are arranging affairs in first-class shape, in order that they may cater successfully and acceptably to the public at large. They are fully prepared to attend to your wants in the line of dentistry, and will take pleasure in so doing. Local and general anaesthetics are made use of, in accord with the very latest features of the profession. Plate and bridge work will receive careful and skillful attention. Gold, platinum, silver and combination fillings, as patrons may desire.

Drs. Cook and Pfouts have a number of warm personal friends in East Liverpool, and these friends speak in warm terms of praise of the newcomers in our midst.

The proprietors of The Twentieth Century Parlors announce that they have come to East Liverpool to establish themselves permanently at this point. They do not contemplate or expect to do all the dental work of this thriving and prosperous city, but simply expect a fair share of the same, confident that they can guarantee satisfaction in every particular. They extend to you a cordial invitation to visit their dental parlors at your convenience.

H. A. McNicol Thought They Were Tearing Up West Market Street For Street Railway Company.

COT HIS HOSE OUT, AND

In a Remarkably Short Time the Workmen Quit Taking Up the Bricks.

IT WAS THE SEWER GANG.

H. A. McNicol this morning turned the hose on a gang of workmen who were tearing up West Market street this side of the Horn switch, in front of the Dresden decorating shop.

Early this morning a gang of street railway men began tearing up the street under the direction of Engineer George, as per the agreement with the city for the purpose of putting in the sewer to drain the Diamond. CHARGES FILED WITH HIS HONOR

Mayor Davidson Listened to the
Details of Some Family
Scraps But Only

ONE ACTION WAS ENTERED

And When It Comes to Trial It
Promises to Develop Some-
thing Interesting.

SEEVER HIT WITH A CUP.

Mayor Davidson has had plenty of
business to look after lately and Sat-
urday and Sunday he heard the trou-
bles of some few people.

Mary Owen entered a charge of
assault and battery against Mrs.
Thomas Wilson. The case will un-
doubtedly come to trial and when it
does some interesting developments
are expected and counter charges are
expected to be filed. It is understood
that the quarrel arose over some chil-
dren and Mrs. Wilson claims that she
was assaulted by Mary Owen.

Ed. P. Jones was arrested last even-
ing in the Diamond by Officer Morris
on a charge of intoxication. He was
placed in a cell in the city jail, where
he gave the officers at city hall a
very good exhibition of clog dancing.
This morning he paid the mayor \$5.60
and was released.

A man named Seever called on his
honor last night and wanted his wife
arrested on a charge of as-
sault with intent to kill, or
any old charge that suited, just
so she was arrested. He said she had
hit him with a cup and he strictly
objected. After talking the matter
over for some time he decided to en-
ter no charge and left with the state-
ment that he would be back this morn-
ing. He has not returned and is not
expected.

Last night Henry Palmer called at
the mayor's office. He was very much
excited and attempted to tell a watch
story. Everybody listened and finally
it was discovered that Henry had a
watch which he tried to sell to Mike
Mooney. Mooney did not buy it, but
borrowed it for a time and traded
it to an Italian for another watch and
10 cents to boot. Gill and Dawson
were enlisted in the matter and went
with Palmer to the scene. Who is
now watching the watch is not known,
but Gill has it and will keep it until
the tangle is straightened out.

Walter Hiland, who has been in jail
for several days, did not succeed in
getting enough money to secure his
release and this morning Officer Daw-
son took him to the Stark county
workhouse, where he will work out
what he owes the city.

James McCormick, the man who
threw the brick at the mail box, is still
in jail, but word has been received
that a secret service man will be
here soon and take him away to an-
swer in United States court for his
crime.

Mayor Davidson is rich today. Mc-
Nab called at his office and put up \$100
for a pawn broker's license.

MADE TWO RAIDS IN ONE NIGHT

The Police Force Were Busy Last
Night and Pulled a Poker
Joint and a Saloon.

A TOTAL OF 10 PEOPLE

Were Taken to City Hall and All
Put Up Security For Their Ap-
pearance Before His Honor.

THEY DIDN'T REGISTER RIGHT.

Chief Thompson and Officers Daw-
son and Gill were on the warpath last
night and raided two places in the
city before midnight.

The first place raided was that of
Wilber Bunks, who runs a poker joint
near the Horn switch. In his place
of business were found four men be-
side himself and when they arrived at
city hall they gave the names of
Jerry Cowles, Bert McCormick, Harry
Bunch and Lou Strapit. They put up
security for their appearance and were
released. The names the parties gave
are fictitious, as well as that of the
proprietor of the place.

The next place to fall under the
eagle eye of the officers was that of
John Michaels, who has recently pur-
chased a saloon on West Market
street. When the officers arrived at
this place they found the proprietor
and four people in a back room en-
joying themselves in a manner not
proper for the Sabbath day, or in fact
any other day in the week. The par-
ties were dismayed when the officers
walked in, but saw no chance to get
out of it and the bunch were taken
to city hall, where they put up secu-
rity for their appearance. They gave
the names of John Michaels, George
Backout, Mrs. Jess Delaney, Frank
McCune and Peter Yonz. It is thought
some of these names are also ficti-
tious.

A Newspaper Wonder.

When you open up your newspaper,
it may cause you to feel some wonder
if you know that in all probability
yours are the first hands that have
ever touched its inside pages. The
reason for this is that the paper is
made from wood pulp. The woodman
cuts down a spruce tree. It is hauled
to the mill. There machinery strips off
the bark, reduces the wood to pulp and
makes it into paper.

At every turn cranes, derricks,
chains, cogs, rollers, steel teeth and
other mechanical contrivances keep the
material out of human hands. The
immense rolls are wound by machines,
loaded into car and wagon by ma-
chinery, put into pressroom and on
presses by other machinery and finally
printed and folded without having been
directly touched by any human hand.

This is a mechanical marvel of to-
day which is no doubt duplicated in
other branches of industry. It is very
striking in the newspaper industry,
which stands in the very front rank of
mechanical perfection.—St. Louis Post-
Dispatch.

The Columbiana County Telephone Company

Especially requests that its subscrib-
ers in calling for parties out of their
respective towns, give the central op-
erator not only the name of the place,
but the name or number of the party.

Do not ask your operator to give
you the place and then ask the opera-

CHARGES FILED WITH HIS HONOR

Mayor Davidson Listened to the
Details of Some Family
Scraps But Only

ONE ACTION WAS ENTERED

And When It Comes to Trial It
Promises to Develop Some-
thing Interesting.

SEEVER HIT WITH A CUP.

Mayor Davidson has had plenty of
business to look after lately and Sat-
urday and Sunday he heard the troubles
of some few people.

Mary Owen entered a charge of
assault and battery against Mrs.
Thomas Wilson. The case will un-
doubtedly come to trial and when it
does some interesting developments
are expected and counter charges are
expected to be filed. It is understood
that the quarrel arose over come chil-
dren and Mrs. Wilson claims that she
was assaulted by Mary Owen.

Ed. P. Jones was arrested last even-
ing in the Diamond by Officer Morris
on a charge of intoxication. He was
placed in a cell in the city jail, where
he gave the officers at city hall a
very good exhibition of clog dancing.
This morning he paid the mayor \$5.60
and was released.

A man named Seevers called on his
honor last night and wanted his wife
arrested on a charge of as-
sault with intent to kill, on
any old charge that suited, just
so she was arrested. He said she had
hit him with a cup and he strictly
objected. After talking the matter
over for some time he decided to en-
ter no charge and left with the state-
ment that he would be back this morn-
ing. He has not returned and is not
expected.

Last night Henry Palmer called at
the mayor's office. He was very much
excited and attempted to tell a watch
story. Everybody listened and finally
it was discovered that Henry had a
watch which he tried to sell to Mike
Mooney. Mooney did not buy it, but
borrowed it for a time and traded
it to an Italian for another watch and
10 cents to boot. Gill and Dawson
were enlisted in the matter and went
with Palmer to the scene. Who is
now watching the watch is not known,
but Gill has it and will keep it until
the tangle is straightened out.

Walter Hiland, who has been in jail
for several days, did not succeed in
getting enough money to secure his
release and this morning Officer Daw-
son took him to the Stark county
workhouse, where he will work out
what he owes the city.

James McCormick, the man who
threw the brick at the mail box, is still
in jail, but word has been received
that a secret service man will be
here soon and take him away to an-
swer in United States court for his
crime.

Mayor Davidson is rich today. Mc-
Nab called at his office and put up \$100
for a pawn broker's license.

W. R. C. Reception.

give a reception Monday evening, June
4, in the G. A. R. hall. Admission 10

MADE TWO RAIDS IN ONE NIGHT

The Police Force Were Busy Last
Night and Pulled a Poker
Joint and a Saloon.

A TOTAL OF 10 PEOPLE

Were Taken to City Hall and All
Put Up Security For Their Ap-
pearance Before His Honor.

THEY DIDN'T REGISTER RIGHT.

Chief Thompson and Officers Daw-
son and Gill were on the warpath last
night and raided two places in the
city before midnight.

The first place raided was that of
Wilber Bunks, who runs a poker joint
near the Horn switch. In his place
of business were found four men be-
side himself and when they arrived at
city hall they gave the names of
Jerry Cowles, Bert McCormick, Harry
Bunch and Lou Strapit. They put up
security for their appearance and were
released. The names the parties gave
are fictitious, as well as that of the
proprietor of the place.

The next place to fall under the
eagle eye of the officers was that of
John Michaels, who has recently pur-
chased a saloon on West Market
street. When the officers arrived at
this place they found the proprietor
and four people in a back room en-
joying themselves in a manner not
proper for the Sabbath day, or in fact
any other day in the week. The par-
ties were dismayed when the officers
walked in, but saw no chance to get
out of it and the bunch were taken
to city hall, where they put up secur-
ity for their appearance. They gave
the names of John Michaels, George
Backout, Mrs. Jess Delaney, Frank
McCune and Peter Yonz. It is thought
some of these names are also ficti-
tious.

A Newspaper Wonder.

When you open up your newspaper,
it may cause you to feel some wonder
if you know that in all probability
yours are the first hands that have
ever touched its inside pages. The
reason for this is that the paper is
made from wood pulp. The woodman
cuts down a spruce tree. It is hauled
to the mill. There machinery strips off
the bark, reduces the wood to pulp and
makes it into paper.

At every turn cranes, derricks,
chains, cogs, rollers, steel teeth and
other mechanical contrivances keep the
material out of human hands. The
immense rolls are wound by machines,
loaded into car and wagon by ma-
chinery, put into pressroom and on
presses by other machinery and finally
printed and folded without having been
directly touched by any human hand.

This is a mechanical marvel of to-
day which is no doubt duplicated in
other branches of industry. It is very
striking in the newspaper industry,
which stands in the very front rank of
mechanical perfection.—St. Louis Post-
Dispatch.

The Columbiana County Telephone Company

Especially requests that its subscrib-
ers in calling for parties out of their
respective towns, give the central op-
erator not only the name of the place,
but the name or number of the party.

Do not ask your operator to give
you the place and then ask the opera-
tor there to get you your party. That
is confusing your central operator.

A WORKING CONGRESS

Busiest, So Officials Say, In Many Years.

FINANCIAL LAW ACCOMPLISHED.

Measure to Aid Porto Ricans Passed—A Form of Government and Means of Raising Revenue For Island Adopted. Nothing For Filipinos Accomplished.

WASHINGTON, June 4.—The record of the first session of the Fifty-sixth congress is now practically closed, and it is possible to survey the important work it has accomplished during the last six months. It has been a busy congress, busiest, according to veteran officials, in many years. In some respects the work has been less exciting than that of the preceding congress, which covered the dramatic period when war was declared against Spain, and also the period of reconstruction and treaty making with Spain following the successful close of the war. In work actually accomplished and started toward accomplishment, the record of the present session stands well in comparison with the most energetic congresses.

Our new territorial possessions have received much attention and while there has been no definite action as to as to the Philippines or Cuba, a form of government, and a means of raising revenue has been provided for Porto Rico, and a comprehensive territorial form of government has been given to Hawaii. The financial act has made important changes in the laws relating to the parity of metals, the bonded indebtedness, national banks and the security of the treasury by a gold reserve. The Nicaraguan canal bill has passed the house and is on the calendar of the senate ready for attention when congress reconvenes. The anti-trust bill is similarly advanced. The trust constitutional amendment has a defeat recorded against it.

The Pacific cable measure has passed the senate and is awaiting final action in the house. The exclusion of Brigham H. Roberts, from a seat in the house because of his polygamous status, the refusal of the senate to admit Mr. Quay on appointment of the governor of Pennsylvania, and the sensational charge, investigation and developments in the senate in the case of Mr. Clark, of Montana, have added some exciting personal phases to the session. Investigations have been profuse, including the inquiry into the Couer d'Alene mining riots in Idaho, the various inquiries on polygamy growing out of the Roberts case, and more recently the senate investigation of the postal and other irregularities in Cuba.

The total of appropriations cannot yet be stated with exactness, as five bills are pending, but it is approximately \$700,000,000 for the session.

The senate, in executive session, has been occupied to a considerable extent with important treaties. Of these the treaties with Great Britain and Germany closing the tripartite government in Samoa and awarding to the United States the island of Tatuila, with its valuable harbor of Pago Pago, has been ratified. While the commercial reciprocity treaties with France and the British West Indian islands, and the Hay-Pauncefote treaty concerning the inter-oceanic canal, go over without action.

Of the legislation actually accomplished and now on the statute books, the financial act is regarded as the chief achievement of the year.

An act providing a tariff 15 per cent of the Dingley rate for Porto Rico and providing civil government passed, also on the president's recommendation an act was passed appropriating for the use of Porto Rico, the \$2,095,455 collected from island sources since its acquisition.

An act also passed to provide a government for the territory of Hawaii.

The Philippines and Cuba have occupied much attention in the way of debate and the adoption of resolutions of inquiry. The Spooner Philippine bill failed to be acted upon. The only legislation as to Cuba is of a comparatively minor character, relating to Cuban shipping.

The extradition bill, applying to all insular possessions and dependencies, has passed both houses and doubtless become a law. It is designed mainly to reach cases like that of Charles F. W. Neely.

The Nicaraguan canal bill and the shipping subsidy bill are notable instances of legislation partly advanced during the present session, but not enacted into law. The canal bill passed the house and was made the special order in the senate beginning December 10, next. The shipping bill is on the calendar of each house with favorable recommendation from a majority mem-

bership of the senate and house committees.

Anti-trust legislation has come prominently into attention in the house at the close of the session, the house having passed a new anti-trust bill and defeated a constitutional amendment.

The senate has passed a bill for a cable to the Philippines and beyond, to be constructed and maintained under government control, but no action has been taken on it in the house.

The restriction of oleomargarine has been productive of considerable agitation, mainly in committees, and a radical restrictive bill has been reported to the house.

The general pension laws have been materially changed by the present congress, largely as a result of the efforts of the Grand Army of the Republic which secured the passage of a bill amending the law of June 27, 1890, so as to permit the "aggregating" of disabilities, and changing the provision as to widows so that a widow may receive pension when she is without means of support other than her daily labor, and had an actual net income not exceeding \$250, etc.

The "free homes" act has at last become a law. It provides for the patenting of homesteads on the public lands acquired from the Indians, on the payment of the usual fees and no other or further charges. This opens to free homestead entry many millions of acres of public lands in the west, heretofore sold at stated figures per acre.

Another measure passed of some general interest permits the secretary of agriculture to restore game birds, which are becoming extinct, and provides means for the restriction of traffic in dead animals, birds, etc., from state to state, the latter provision being in part designed to limit the destruction of song birds for the sale of their plumage.

Among other miscellaneous acts of the session are those for the preservation of the historic frigate Constitution and for extending the work of the twelfth census.

Considerable legislation is carried on appropriation bills. These provisions include the amendment to the military academy bill, making the commanding general of the army a lieutenant general, and the adjutant general of the army a major general; also the amendment to the sundry civil bill appropriating \$5,000,000 for the St. Louis exposition. Both of these bills are still pending.

The naval appropriation bill adds two battleships, three armored cruisers, three protected cruisers and five submarine boats to the naval strength and may include special legislation, as to armor plate and a government plant. The other appropriation bills in the main carry the usual government supplies.

The Alaska code bill, giving a complete civil system of laws to the territory, has passed both houses and undoubtedly will become a law.

Other measures which have passed one house or the other, but which are still pending, include those for the election of senators by the people; authorizing the president to appoint a committee to study commercial conditions in China and Japan; for increasing the efficiency of the army by making staff service in the corps temporary; extending the eight-hour law; increasing the annual allowance to the militia of the country from \$400,000 to \$1,000,000.

MAY ADJOURN WEDNESDAY.

Believed Both Houses of Congress Will Agree on That Point.

WASHINGTON, June 4.—In the house there was nothing on the horizon which threatens to prevent final adjournment on Wednesday.

There was hardly any doubt that the senate will agree to the house resolution to adjourn the session on that day.

BOERS LEFT FOR CLEVELAND.

BUFFALO, June 4.—The three Boer envoys, Messrs. Fischer, Wolmarans and Wessels decided to shorten their visit at Niagara Falls and left for Cleveland last night. WASHINGTON, June 4.—The exact number of census enumerators now at work is 52,631. Pennsylvania leads the list with 4,676; New York comes next, with 4,492. Alaska has only 2 and Nevada 33. Maryland has 744, Ohio 2,908 and West Virginia 584.

BEASTS DEVOUR DEAD.

Horrible Scenes In the India Famine District.

CHOLERA AND SMALLPOX RAGING.

Rev. Dr. Klopsch Said Fugitives Were Found Dying In Fields and Roadside Ditches—Death Rate Fearful In the Camps—Whole Families Blotted Out.

BOMBAY, June 4.—Louis Klopsch, of New York, publisher of The Christian Herald, who arrived here May 14 and started at once on a tour of the famine stricken districts, has returned, after traveling through the most sorely smitten portions of the Bombay presidency, including Gujerat and Barolda. He makes the following statements regarding his observations:

"Everywhere I met the most shocking and revolting scenes. The famine camps have been swept by cholera and smallpox. Fugitives, scattered in all directions and stricken in flight, were found dying in fields and roadside ditches. The numbers at one relief station were increasing at the rate of 10,000 per day.

"At Godhera there were 3,000 deaths from cholera within four days, and at Dohad 3,500 in the same period. The hospital death rate at Godhera and Dohad was 90 per cent.

"The condition of the stricken simply beggars description. Air and water were impregnated with an intolerable stench of corpses. At Ahmedabad the death rate in the poorhouse was 10 per cent. Every day saw new patients placed face to face with corpses. In every fourth cot there was a corpse.

"The thermometer read 115 in the shade. Millions of flies hovered around the uncleaned dysentery patients.

"I visited the smallpox and cholera wards at Viragam. All the patients were lying on the ground, there being no cots. Otherwise their condition was fair.

"I can fully verify the reports that vultures, dogs and jackals are devouring the dead. Dogs have been seen running about with children's limbs in their jaws.

"The government is doing its best, but the native officials are hopelessly and heartily inefficient. Between the famine, the plague and the cholera, the condition of Bombay Presidency is now worse than it has been at any previous period in the nineteenth century. Whole families have been blotted out. The spirit of the people is broken, and there may be something still worse to come when the moon breaks."

FOREIGNERS MISSING.

Some of Party Fleeing From Boxers Reached Tien Tsin—Missionary Murdered—Another Missing.

TIENTSIN, June 4.—Six men and two ladies, French and Belgian refugees from Pao Ting Tu, arrived here. Nine are still missing.

A body of mounted Cossacks have gone in search of the missing and to take food to Yan Lie Ching for the relief of the party there.

It is reported from Peking that Mr. Stevenson, of the Church of England mission at Yen Ching has been murdered and that Dr. Nosman, of the same mission, is missing.

TIENTSIN, June 4.—The French consulate received information from priests at Pao Ting Fu that 30 foreigners, including six ladies and a child, who were attempting to escape from Pao Ting Fu to Tien Tsin in boats, were attacked by over 700 Boxers armed with rifles and spears. Four of the foreigners were wounded and four were killed outright. Those who escaped are ten miles from here. An expedition is proceeding to their relief.

As the foreigners have little ammunition their position is critical.

NEW PRESBYTERIAN PASTOR.

Rev. Dr. Patterson Took Charge of Bethany Church, Philadelphia.

PHILADELPHIA, June 4.—The new pastor of Bethany Presbyterian church, the Rev. William Patterson, entered upon his duties Sunday. The church has been changed and renovated at a cost of \$40,000.

The Rev. Patterson comes here from Cooke's Presbyterian church, in Toronto, where he had served since his graduation from Knox college, in April, 1886. He was born in County Derry, Ireland, in 1859, and received his preliminary education at Queen's college, Dublin. He came to Bethany to fill the vacancy left by Dr. Caplin's removal to New York city.

FRENCH NEAR PRETORIA.

He Was Eight Miles From There on Thursday—Lord Roberts Reported All Quiet at Johannesburg.

LONDON, June 4.—There is no direct news from Pretoria of later date than Thursday evening. General French's cavalry were then at Irene, eight miles south of Pretoria, and firing was heard there. Lord Roberts' messages about secondary operations elsewhere and the southern at Johannesburg, dated at Orange Grove, a farm four miles northeast of Johannesburg, show that on Saturday, at 9:10 p. m., he was 25 miles from Pretoria.

LONDON, June 4.—Lord Lansdowne, secretary of state for war, has received the following from Lord Roberts, dated Orange Grove, June 2:

"Johannesburg is quiet. The people are surrendering arms and ponies. Only three Boer guns were left in the fort.

"The Queenslanders captured, May 30, a Creusot, with 11 wagons of stores and ammunition.

"Commandant Botha, of Zoutpansberg, his official cornet and 100 prisoners were taken in the fighting around Johannesburg, some belonging to the foreign contingents and the Irish brigade.

"The Thirteenth Yeomanry were attacked May 29 between Kroonstad and Lindley. There were some casualties."

The war office received the following additional advices from Lord Roberts, dated Orange Grove, June 2:

"Owing to the interruption of the telegraph lines I only today received a report from Colonel Sprigg that his battalion of Imperial Yeomanry was attacked between Kroonstad and Lindley, May 29. Casualties to follow.

"The shops at Johannesburg are being opened and there seems to be a general feeling of relief at the peaceful occupation of the town.

"The proclamation announcing the annexation of the Orange Free State was made at Bloemfontein, May 26, by General Pretorius (military governor). The troops under General Kelly-Kenny formed a square, the royal standard was hoisted, the troops saluted, a royal salute was fired and the Queen was cheered. The name 'Orange River Colony' was well received.

"Received a report yesterday that four prisoners had escaped from Pretoria."

AGUINALDO MAY BE DEAD OR WOUNDED.

Major March's Men Shot an Officer—Some Papers of Rebel Leader Found in Captured Saddlebags.

VIGAN, Luzon, June 2, via Manila, June 4.—Major March, with his detachment of the Thirty-third regiment, reached Laboagan, where Aguinaldo had made his headquarters since March 6, on May 7. Aguinaldo had fled about seven hours before, leaving all the beaten trails and traveling through the forest along the beds of streams. Toward evening, May 19, Major March struck Aguinaldo's outpost about a mile outside of Legat, killing four Filipinos and capturing two. From the latter he learned that Aguinaldo had camped there for the night.

Although exhausted and half starved, Major March's men entered Legat on the run. They saw the insurgents scattering into the bushes or over the plateau. A thousand yards beyond the town, on the mountainside, the figures of 25 Filipinos, dressed in white, with their leader on a gray horse, were silhouetted against the sunset. The Americans fired a volley and saw the officer drop from his horse. His followers fled, carrying the body.

The Americans, on reaching the spot, caught the horse, which was richly saddled. Blood from a badly wounded man was on the animal and on the ground. The saddle bags contained Aguinaldo's diary and some private papers, including proclamations. One of these was addressed:

"To the Civilized Nations." It protested against the American occupation of the Philippines. There were also found copies of Senator Beveridge's speech, translated into Spanish and entitled "The Death Knell of the Filipino People."

Major March believing that the Filipinos had taken to a river which is a tributary to the Chico followed it for two days reaching Tiao where he learned that a party of Filipinos had descended the river May 20 on a raft with the body of a wounded man upon a litter, covered with palm leaves.

A WORKING CONGRESS

Busiest, So Officials Say, In Many Years.

FINANCIAL LAW ACCOMPLISHED.

Measure to Aid Porto Ricans Passed—A Form of Government and Means of Raising Revenue For Island Adopted. Nothing For Filipinos Accomplished.

WASHINGTON, June 4.—The record of the first session of the Fifty-sixth congress is now practically closed, and it is possible to survey the important work it has accomplished during the last six months. It has been a busy congress, busiest, according to veteran officials, in many years. In some respects the work has been less exciting than that of the preceding congress, which covered the dramatic period when war was declared against Spain, and also the period of reconstruction and treaty making with Spain following the successful close of the war. In work actually accomplished and started toward accomplishment, the record of the present session stands well in comparison with the most energetic congresses.

Our new territorial possessions have received much attention and while there has been no definite action as to as to the Philippines or Cuba, a form of government, and a means of raising revenue has been provided for Porto Rico, and a comprehensive territorial form of government has been given to Hawaii. The financial act has made important changes in the laws relating to the parity of metals, the bonded indebtedness, national banks and the security of the treasury by a gold reserve. The Nicaraguan canal bill has passed the house and is on the calendar of the senate ready for attention when congress reconvenes. The anti-trust bill is similarly advanced. The trust constitutional amendment has a defeat recorded against it.

The Pacific cable measure has passed the senate and is awaiting final action in the house. The exclusion of Brigham H. Robert, from a seat in the house because of his polygamous status, the refusal of the senate to admit Mr. Quay on appointment of the governor of Pennsylvania, and the sensational charge, investigation and developments in the senate in the case of Mr. Clark, of Montana, have added some exciting personal phases to the session. Investigations have been profic, including the inquiry into the Couer d'Alene mining riots in Idaho, the various inquiries on polygamy growing out of the Roberts case, and more recently the senate investigation of the postal and other irregularities in Cuba.

The total of appropriations cannot yet be stated with exactness, as five bills are pending, but it is approximately \$700,000,000 for the session.

The senate, in executive session, has been occupied to a considerable extent with important treaties. Of these the treaties with Great Britain and Germany closing the tripartite government in Samoa and awarding to the United States the island of Tatuila, with its valuable harbor of Pago Pago, has been ratified, while the commercial reciprocity treaties with France and the British West Indian islands, and the Hay-Pauncefote treaty concerning the inter-oceanic canal, go over without action.

Of the legislation actually accomplished and now on the statute books, the financial act is regarded as the chief achievement of the year.

An act providing a tariff 15 per cent of the Dingley rate for Porto Rico and providing civil government passed, also on the president's recommendation an act was passed appropriating for the use of Porto Rico, the \$2,095,455 collected from island sources since its acquisition.

An act also passed to provide a government for the territory of Hawaii.

The Philippines and Cuba have occupied much attention in the way of debate and the adoption of resolutions of inquiry. The Spooner Philippine bill failed to be acted upon. The only legislation as to Cuba is of a comparatively minor character, relating to Cuban shipping.

The canal bill passed the house and was made the special order in the senate beginning December 10, next. The shipping bill is on the calendar of each house with favorable recommendation from a majority mem-

bership of the senate and house committees.

Anti-trust legislation has come prominently into attention in the house at the close of the session, the house having passed a new anti-trust bill and defeated a constitutional amendment.

The senate has passed a bill for a cable to the Philippines and beyond, to be constructed and maintained under government control, but no action has been taken on it in the house.

The restriction of oleomargarine has been productive of considerable agitation, mainly in committees, and a radical restrictive bill has been reported to the house.

The general pension laws have been materially changed by the present congress, largely as a result of the efforts of the Grand Army of the Republic which secured the passage of a bill amending the law of June 27, 1890, so as to permit the "aggregating" of disabilities, and changing the provision as to widows so that a widow may receive pension when she is without means of support other than her daily labor, and had an actual net income not exceeding \$250, e. c.

The "free homes" act has at last become a law. It provides for the patenting of homesteads on the public lands acquired from the Indians, on the payment of the usual fees and no other or further charges. This opens to free homestead entry many millions of acres of public lands in the west, heretofore sold at stated figures per acre.

Another measure passed of some general interest permits the secretary of agriculture to restore game birds, which are becoming extinct, and provides means for the restriction of traffic in dead animals, birds, etc., from state to state, the latter provision being in part designed to limit the destruction of song birds for the sale of their plumage.

Considerable legislation is carried on appropriation bills. These provisions include the amendment to the military academy bill, making the commanding general of the army a lieutenant general, and the adjutant general of the army a major general; also the amendment to the sundry civil bill appropriating \$5,000,000 for the St. Louis exposition. Both of these bills are still pending.

The naval appropriation bill adds two battleships, three armored cruisers, three protected cruisers and five submarine boats to the naval strength and may include special legislation, as to armor plate and a government plant. The other appropriation bills in the main carry the usual government supplies.

The Alaska code bill, giving a complete civil system of laws to the territory, has passed both houses and undoubtedly will become a law.

Other measures which have passed one house or the other, but which are still pending, include those for the election of senators by the people; authorizing the president to appoint a committee to study commercial conditions in China and Japan; for increasing the efficiency of the army by making staff service in the corps temporary; extending the eight-hour law; increasing the annual allowance to the militia of the country from \$400,000 to \$1,000,000.

MAY ADJOURN WEDNESDAY.

Believed Both Houses of Congress Will Agree on That Point.

WASHINGTON, June 4.—In the house there was nothing on the horizon which threatens to prevent final adjournment on Wednesday.

There was hardly any doubt that the senate will agree to the house resolution to adjourn the session on that day.

TAFT SO STATED IN INTERVIEW.

The Commission Received at Manila With
Official Honors—While In Hongkong
the Members Conferred With Certain
Filipinos—Some Natives Anxious.

MANILA, June 4.—The United States
transport Hancock, from San Francisco
April 17, arrived here with the mem-
bers of the Philippine commission.
The members of General MacArthur's
staff welcomed the commissioners on
board the Hancock. Later the com-
missioners landed and drove to the
palace, escorted by General MacAr-
thur's staff, a band and two companies

JUDGE WILLIAM H. TAFT,
of the Twenty-sixth infantry, with ar-
tillery.

At the palace the commissioners were
welcomed by General MacArthur in a
short and forceful address. After Judge
William H. Taft, president of the com-
mission, had replied the commissioners
returned to the Hancock, where they
will remain until they have selected
suitable dwellings on land.

Previous to their landing, the members
of the Filipino supreme court, the local
editors and many of the leading mer-
chants repaired to the transport, where
they conversed with the commissioners.
Rear Admiral Remey, in command of
the United States naval forces on the
Asiatic station, called officially, after
their return from the trip ashore. To-
day General MacArthur will return the
call to the commissioners. The family
of Judge Taft will remain for a while in
Japan. The families of the other com-
missioners arrived with them.

Judge Taft, speaking in reply to ques-
tioning during an interview regarding
the powers and future work of the com-
mission, said:

"We have full instructions and exten-
sive powers. The latter we shall not
exercise until we have had ample time
to acquire sufficient knowledge of the
situation to enable us to proceed to en-
act legislative changes and reforms,
preliminary to the establishment of a
stable civil government. Until we as-
sume authority, General MacArthur
will continue to perform the duties and
exercise the powers formerly performed
and exercised by General Otis; and,
even after we take active and full part
in the government, General MacArthur
will continue as the executive head
until, upon our recommendation to
President McKinley, it shall seem to
the president the time has arrived for
the appointing of a civil executive and
for making the military forces merely
auxiliary in carrying on the civil gov-
ernment, to be available only in cases
of emergency for the suppression of
lawless violence too formidable to be
overcome by the regularly organized
local police.

"We are aware that there are several
issues of deep interest to the Filipinos,
upon which it is our duty to take action.
Some of these involve judicial investi-
gation and decisions upon legal rights.
Others call for the careful exercise of
political power in order to secure equit-
able adjustments. Upon the latter class
of issues we cannot now speak.

"Representing the sovereignty of the
United States in the Philippines, which
it is the purpose of our government to
maintain, we are here to do justice to
the Filipinos and to secure for them the
best government in our power and such
a measure of popular control as is con-
sistent with the stability and security of
law, order and property. We are civil
officers, men of peace. The field of
our work is necessarily confined to re-
gions where the armed enemy has
ceased his operations. We cannot deal

with armed men. General MacArthur
and the army will do that.

"When those now in arms shall have
laid them down, relying, as they cer-
tainly can, upon the justice, generosity
and clemency of the United States, we
shall give them all a full hearing upon
the policy to be pursued and the reforms
to be initiated. We purpose to inaugu-
rate as comprehensive a school system
throughout the islands as circumstances
will allow. I am surprised that Ma-
nila has not received news regarding the
Spooner bill, a measure calculated to
help us greatly in our work here."

While in Hongkong the commis-
sioners questioned Armacho and members
of the wealthy Cortez family regarding
Filipino affairs not covered by the Fili-
pino junta there. The Filipinos in
Manila were anxiously, and even ner-
vously awaiting a formal statement by
the commission regarding its future
policy. Everything the commissioners
said or did on the subject was carefully
considered. Cablegrams from Hong-
kong had been published here to the
effect that the commission would not
assume control until September.

This report, coupled with the state-
ment that Washington approved Gen-
eral MacArthur's plan of campaign, has
created considerable excitement in Fili-
pino circles, where it has been expected
that immediate changes of policy and
action would follow the arrival of the
commission. It should be understood
that the foregoing declaration of Judge
Taft was in no sense intended as a
proclamation.

Gomez Believed to Intend to Inaugurate a Movement—Alleged Offer From U. S. Senator.

HAVANA, June 4.—General Maximo Gomez is expected to arrive here today and preparations have been made to receive him with all honors.

Many believe that General Gomez, disappointed at the attitude taken toward him by the people of Santo Domingo, has come back to Cuba to engage in an active campaign for the future presidency of the Cuban republic. His friends say he will try to unite the Democratic, Republican and Nationalist parties with a view of bringing about an harmonious constitutional convention in this city in August.

It is reported that Gomez, while at Santo Domingo, said he was returning to Havana to bring about the complete and absolute independence of Cuba and that he had such a convention in view. An intimate friend of Gomez says that, of the parties refuse to combine, he will establish a Cuba Libre party of his own and endeavor to obtain a plebiscite of the entire island, expecting in that way to force the political leaders to adopt his proposal, if only in the hope of future office. It is rumored that, for such a purpose, Gomez has been promised funds by a number of wealthy men, including a United States senator, who is said to have offered \$500,000 on certain conditions, to which Gomez will undoubtedly agree.

Teaching a Horse Tricks.

You can, with patience, teach your horse politeness—to bow to an audience, to say "No" with more or less decision, to kiss you or even laugh. The animal may be taught to bow by tapping him on the back with a whip. He bends his head in trying to avoid the annoyance. The trainer ceases the tapping, caresses him, then resumes it till he repeats the bow. He is again caressed and presented with a carrot or something of which he is particularly fond. At last it comes about that he "bows" upon any movement of the whip toward his back.

To teach a horse to say "No" a pin is fastened to the butt of the whip. A slight scratch is given to the horse's withers, about where the collar would be. At this he shakes his head and soon learns to shake it whenever he sees the butt of the whip coming near his withers.

The trainer teaches the animal "to kiss" by feeding him with apples from his mouth, gradually lessening the size of the apples till the horse does the trick without any, or he puts salt, of which horses are very fond, on his cheek, and the animal naturally licks it off.

He is taught to laugh by gently forcing the butt of the whip in at the side of his mouth, then prying his mouth open with it. Caresses and carrots follow, till at last the slightest motion of the butt toward his mouth makes him open it. He does not really laugh; he grins.—Good Words.

Beecher's Hard Luck.

One day in a town where he was to lecture Mr. Beecher went into a barber shop to be shaved. The barber, not knowing him, asked him whether he was going to hear Beecher lecture.

"I guess so," was the reply.

"Well," continued the barber, "if you haven't got a ticket you can't get one. They're all sold, and you'll have to stand."

"That's just my luck," said Mr. Beecher. "I always did have to stand when I've heard that man talk."

HE WON THE CASE.

A Story of Lincoln's Wonderful Mental and Physical Ability.

Professor Stevens was once working up a mining case for the government in a western state where Mr. Lincoln was practicing law. Mr. Lincoln at the time was comparatively unknown in law and politics. When the professor engaged his room in the crowded country hotel, he found that a Mr. Lincoln was to occupy one bed in the room, as there was no other place where he could be accommodated. After arranging his books the professor settled down in an easy chair to prepare his brief.

Mr. Lincoln soon came in and made himself known. He said he also had to spend the evening making up an argument upon a mining case, and he knew less about mines than about anything else. In an hour the professor finished his work and retired, but before he did so he granted his roommate the privilege of using all his books, maps and papers upon mines and mining. Then he went to sleep, and when he awoke at 7 the next morning he found Mr. Lincoln just where he had left him poring over his books and papers. The lamp was still burning, although it was daylight.

As Professor Stevens' case did not come up the next day he attended the court to hear Mr. Lincoln present his arguments. He reached the scene in time for the opening speech by his roommate, and he staid all through the session.

Although Mr. Lincoln spoke for over an hour on the technicalities of mines and mining, he did not make a single mistake. He cross examined some half dozen surveyors and engineers and in every case puzzled and embarrassed them with his knowledge of the subject. Of course he won the case. But Professor Stevens said that everybody in the court believed he had been graduated in mining engineering and had devoted years to the study of the science.—Saturday Evening Post.

SHE ORDERS HIS CLOTHES.

And Takes Great Pains to Have Her Husband Properly Dressed.

The wife of a man who served with distinction as a cabinet officer during a recent administration entered a tailor shop near Fifth avenue a week ago and said to the proprietor:

"I am Mrs. So-and-so, and I don't suppose that women come into your shop very often."

"A good many women help their husbands to select their clothes," said the proprietor.

"Well, I am glad to hear that," said the woman. "I have bought my husband's clothes for him ever since we were married, and if I did not look out for them he would not have any clothes. He never thinks of them. Didn't even when he was in Washington, though he was always properly dressed. Now I want some spring clothes for my husband. I will select the samples for three suits, and I will tell you just how to make them. When my husband comes to get measured, don't pay any attention to his orders about the clothes if he gives any. If he ordered his own clothes, he would not be suited anyway."

The proprietor found that this woman knew as much as the average man about men's clothes, and he accepted her directions. On the following day, when her husband came in, the proprietor recognized him from his pictures and said:

"Mr. So-and-so, your wife selected goods for three suits of clothes for you yesterday, and if you will step back I will show you the patterns."

"Young man," said the ex-cabinet officer, "I would not dare to interfere with my wife's selections. Just take my measure as quickly as you can and make the clothes as directed."

After the measurements had been made the ex-cabinet minister hurried out without asking what style of suits had been ordered for him.—New York Sun.

The Old Shinplasters.

Probably the greatest prout ever enjoyed by the government as a result of the destruction of money was in connection with the fractional currency or shinplasters issued during the civil war.

The total amount issued was \$368,724,079, of which \$6,880,558 has never been presented for redemption.

A large amount has been preserved as curios by collectors, and occasionally even now it is offered for redemption.—Indianapolis News.

GREEDY MACKEREL.

A Gorging Feast and the Way It Was Managed.

I once enjoyed the privilege of seeing an army of mackerel successfully corner a shoal of small fry in a rocky shallow pool which was a cul de sac. The mackerel swam behind their victims in armed ranks, a company of hungry, determined creatures, intent upon a gorging feast to which there need be no limit. They had followed the fry for miles maybe, merely swallowing one here and one there to keep their appetites whetted. Now they had cornered them where there was no escape for their victims. No alert fisherman on the lookout for just such an opportunity was at hand to convert their triumph and feasting into captivity and lamentation. They might feast at will.

And, ye gods, feast they did! No one who has not seen it would believe that the cubic capacity of a mackerel could possibly deal successfully with the number of small fish, he actually swallows. The way he conducts the operation of feasting is unique. Opening his mouth wide, the mackerel darts in among the small fry, some of which are perhaps one-third of his own length. In an instant one of these is to be seen sticking half in and half out of his mouth. Then the mackerel gives one gulp, and the victim has disappeared. Without a moment's delay the process is repeated and repeated so many times that the spectator cannot fail to be concerned for the immediate future of the particular mackerel he has watched. Yet nothing happens.

As for the fry, their helpless anguish is somewhat heartrending. The whole shoal of them boils and churns the water in an agony of fear. High into the air they leap in order to avoid their voracious enemies, landing themselves often enough upon the weed covered rocks which skirt the pool and panting their lives out there rather than leap back into the seething mass of their harassed companions beneath.—Longman's Magazine.

SETTING TIRES.

The Old Way of Shrinking Them on and the Modern Way.

The old way of putting a tire on a wheel was to shrink it on. The tire was made just a trifle smaller than the wheel and then heated, with the result of expanding it slightly. When thus heated it was crowded down over the rim of the wheel and then cooled with water to keep it from burning the wheel and also to contract it. Cooling, it was shrunk on to bind the wheel tightly. The modern way of putting a tire on a wheel is with a hydraulic tire setting press.

By this method the tire is made just a trifle larger than the wheel, so that it will go over the rim freely. The bed of this press, upon which the wheel lies horizontally, with an opening at the center for the hub, is composed of 18 sections, radiating from the center and in shape like the spaces between the spokes of a wheel. The outer end of each section is turned upward, the turned up ends making a continuous flange, or collar, all around the bed of the press. Each one of the sections has under it a hydraulic cylinder, and the sections are all arranged to work to a common center. In use the wheel is laid on the press with the cold tire around it within that turned up collar, or flange, around the edge. When the press is set in operation, the collar, or flange, is irresistibly contracted. When it comes in contact with the tire around the wheel, it does not bring up against it, but keeps on contracting just the same, now contracting the tire as well and setting it upon the wheel, the pressure being continued until the wheel itself has been brought to the requisite degree of dishing.—New York Sun.

FOR CUBA FREE.

HIMSELF PRESIDENT.

Gomez Believed to Intend to Inaugurate a Movement—Alleged Offer From U. S. Senator.

HAVANA, June 4.—General Maximo Gomez is expected to arrive here today and preparations have been made to receive him with all honors.

Many believe that General Gomez, disappointed at the attitude taken toward him by the people of Santo Domingo, has come back to Cuba to engage in an active campaign for the future presidency of the Cuban republic. His friends say he will try to unite the Democratic, Republican and Nationalist parties with a view of bringing about an harmonious constitutional convention in this city in August.

It is reported that Gomez, while at Santo Domingo, said he was returning to Havana to bring about the complete and absolute independence of Cuba and that he had such a convention in view.

An intimate friend of Gomez says that, of the parties refuse to combine, he will establish a Cuba Libre party of his own and endeavor to obtain a plebiscite of the entire island, expecting in that way to force the political leaders to adopt his proposal, if only in the hope of future office. It is rumored that, for such a purpose, Gomez has been promised funds by a number of wealthy men, including a United States senator, who is said to have offered \$500,000 on certain conditions, to which Gomez will undoubtedly agree.
